

## **Cal State Fullerton Admission Information**

### **Admission to the Single Subject Credential Program 2009-2010**

The California State University has closed admission to all campuses for the Spring 2010 semester. Therefore, if you are not currently a CSUF matriculated student you will not be granted admission to the university for the 2009-2010 academic year. However, this does not prevent you from starting the single subject credential program in the Spring 2010 semester. If you plan on starting the program in Spring 2010, you need to apply to the credential program by September 30, 2009. Admission requirements and applicable documents are located at: <http://ed.fullerton.edu/adtep/SingleSubject.htm>

#### **How do I take the prerequisite courses in Fall 2009 if I am not a CSUF matriculated student?**

You can take the prerequisite courses through University Extended Education (UEE). There are two options available to you.

1) You can take our special Online only courses offered through UEE. You can register for these classes at: <http://www.csufextension.org/Classes/ClassList.aspx?c=12>. The cost for each 3 unit class is \$675 (subject to change).

2) You can take the on-campus classes listed in the course catalog. On the first night of class you need to take the Open University Petition (located in the UEE office CP-100) and request of the instructor permission to add the class. If granted, the instructor will sign your petition. Open University students are permitted to add classes on a space available basis. The cost for each 3 unit class is \$675 (subject to change).

#### **How do I take credential program courses in Spring 2010 if I am not a CSUF matriculated student?**

You can take the credential program courses through University Extended Education (UEE). On the first day of class you will have your instructors sign your Open University petition and pay for the courses through UEE. The current cost is \$225 per unit (subject to change).

#### **How do I become a CSUF matriculated student for the remainder of the program?**

To become a matriculated student for Fall 2010, you need to apply as a post-baccalaureate student at [www.csumentor.edu](http://www.csumentor.edu) with the objective: Education (credential only). Admission to the university for Fall 2010 will enable you to finish the second semester of the program as a CSUF matriculated student. Admission to the University for Fall 2010 opens October 1, 2009. To learn about the single subject credential program at CSUF, please view our online podcast at:

<http://ed.fullerton.edu/adtep/EDSCoverviews.htm>. If you have additional questions regarding admission to the Single Subject Credential Program, please contact Ms. Christine Wyder, Credential Admissions Specialist ([cwyder@fullerton.edu](mailto:cwyder@fullerton.edu), 657-278-4028) or Dr. Kristen Shand, Admissions Director ([kshand@fullerton.edu](mailto:kshand@fullerton.edu), 657-278-2974).
