IMPACT.**

The College of Education is committed to the preparation and professional development of innovative and transformative educators who advance just, equitable, and inclusive education. As a professional community of scholar-practitioners, we promote creativity, collaboration, and critical thinking as fundamental to student achievement and success in a diverse and interconnected world.

The College of Education's work focuses on closing the opportunity gap. The College's impact is notable given the fact that we credential the largest number of teachers of any public institution in the state of California and have the largest Ed.D. program in the CSU system.
