

One of the best ways to prepare for a successful future is to make the most of an outstanding education.

At Cal State Fullerton, you have so many opportunities to reach your potential. Our eight colleges offer more than 100 degree programs, so you can explore new areas and find a major that's right for you. With full overall accreditation, many of our high-quality programs are further distinguished by national accreditations and associations. A number of them have achieved national prominence because of our outstanding faculty and the achievements of our alumni.

You learn from highly accomplished faculty members who create an exceptional learning environment. We encourage you to go beyond the classroom, and apply real knowledge to real-world experiences – undergraduate research, professional internships, prestigious competitions, study abroad and more.

On our campus you experience real life – a vibrant, metropolitan university environment with real-world connections to business, government, entertainment and the arts. Take a look at our amazing facilities, and meet our students. There are nearly 37,000 who reflect California's rich, multicultural population. Many are the first in their families to attend college. For others, joining our proud Titan alumni has become a tradition among relatives and friends.

At Cal State Fullerton you can make the most of your college experience. You meet and make lifelong friends, and have so many choices to get involved with the campus and community. What's more, a wide network of support services will help you get started, succeed and stay on track to graduation.

Your future offers infinite possibilities. I am proud to say that Cal State Fullerton has made a difference in the lives of more than 195,000 Titan graduates, and we're committed to making a difference in your life as well.

# *Learning*

... is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge. Our affordable undergraduate and graduate programs provide students the best of current practice, theory, and research, and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society. We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
