USING THE IRS DATA RETRIEVAL TOOL (DRT)

The IRS Data Retrieval Tool can be used when completing the FAFSA to directly pull parental tax information from the IRS into the FAFSA. This will expedite the application process. In most cases, no further documentation is needed by our office to verify income if the transfer of data using the IRS DRT is successful. Below are steps on how to utilize IRS DRT.

1. Log in to your current FAFSA or start a new FAFSA at www.fafsa.gov using your **FSA ID**.
2. Skip to the "Financial Information" section and, if applicable, update the following:
 - a. Whether or not you have filed an IRS income tax return and,
 - b. Your tax filing status.
3. After updating the above information, you will be asked additional questions to screen your DRT eligibility.
4. You will see the "Link to IRS" button if you are eligible to use the IRS DRT, if so, click on the button and log in with the IRS to retrieve your tax return information.
5. Review your tax return information, and see the tax data that will be transferred into your FAFSA.
6. Check the "Transfer My Tax Information into the FAFSA" box, and click the "Transfer Now" button.
7. Review your federal tax return information that has been transferred into the data fields on your FAFSA and submit your correction.

If you successfully transferred your tax information and submitted your correction, you will no longer have to submit tax return transcripts. Please allow **two business weeks** for our office to download these corrections. Shortly after we will remove the Student Tax Filing Statement and/or Parent Tax Filing Statement from your To-Do List.

Please note: Not everyone can use the IRS DRT function. Please visit <https://fafsa.ed.gov/help/irshlp10.htm> to determine if you can use DRT. If you cannot use the IRS DRT you may have to request **tax return transcripts**. Please visit www.irs.gov/transcript to view transcript ordering options or call 1-800-908-9946 to request return transcripts via phone.

HOW TO REQUEST AN IRS TAX TRANSCRIPT (INCLUDING VERIFICATION OF NON-FILING)

The IRS has now made downloading an electronic copy of your tax transcript an option for those individuals with a valid Social Security Number (SSN). You can begin this process by navigating to <http://www.irs.gov/transcript>. The website will require authentication of the primary tax filer's identity. You will be asked to provide the following information that should correspond with what the IRS has on file for the primary tax filer: SSN, date of birth, street address, and zip code. Once the authentication is complete, take the following steps:

- Choose the "Get Transcript ONLINE" option. You must sign in or sign up to create an account.
- Select the reason you are requesting a transcript as "Higher Education/Student Aid".
- In the "Return Transcript" Box, choose the transcript for the appropriate tax year. Your IRS Tax Return Transcript should then open on-screen as a pdf document.
- Print the transcript and write the student's name and Cal State Fullerton CWID at the top of page, attach all printed pages of the Tax return Transcript to the Tax Filing Statement form, and return them to the Office of Financial Aid (GH 146).
- If you are requesting "Verification of Non-filing Letter", choose that option and appropriate tax year.

If you are a taxpayer but unable to access your Tax Return Transcript online, you will have to order a paper tax transcript to be sent to you via regular post. You can do so by:

- Navigating to the IRS website <http://www.irs.gov> and clicking on "Get Transcript of Your Tax Records", OR
- Calling 1-800-908-9946 to request an IRS Tax Return Transcript for the appropriate year.

PLEASE NOTE: The above options can also be utilized by taxpayers with a valid SSN if, for whatever reason, the downloadable tax transcript cannot be obtained. Turnaround time for the above options can take up to 10 business days depending on IRS peak processing times. Additionally, tax transcripts requested online or by telephone **CANNOT** be sent directly to a third party by the IRS.

WHO IS REQUIRED TO FILE A U.S. FEDERAL INCOME TAX RETURN?

- \$18,650 if head of household
- \$24,800 if married, filing jointly
- \$5.00 if married, filing separately
- Or, you had net earnings from self-employment of at least \$400.00
