

# Intensive Learning Experience (ILE)

## Entry Level Mathematics Examination (ELM) Chart

ELM Test Score	Class Placement	Compliance Description And Appointment Requirement	Next Class Placement
50 or above	GE level Math	<p>Students passed the ELM. They must take an appropriate GE level math course their first semester at CSUF.</p> <p>Students are not subject to any remedial compliance.</p>	Students who earn a “D” or lower are required to take GE math until a “C” or better is earned.
48-38	Math 45	<p>Students must take Math 45 or Math 40 by their first semester. They must pass this one semester course within the first two semesters at CSUF.</p> <p><b>No ILE appointment is required.</b></p>	Students who pass Math 45 must enroll in a GE level math course the following semester.
48-32	Math 40	<p>Students must take Math 40 by their first semester. They must pass this one semester course within the first two semesters at CSUF.</p> <p><b>No ILE appointment is required.</b></p>	Students who pass Math 40 must enroll in a GE level math course the following semester.
30 or below	Math 30A & 30B	<p>Students must take Math 30A by their first semester. They must pass this first part of a two-part semester course within the first semester.</p> <p>Students must take Math 30B by their second semester. They must pass this second part of a two-part semester course the second semester.</p> <p><b>One ILE appointment is required for each class: Math 30A &amp; 30B (one appointment each semester) if the student has fewer than 60 units.</b></p>	<p>Students who pass with a CR in Math 30A are required to enroll in Math 30B the following semester.</p> <p>Students who pass Math 30B with a CR must enroll in GE level math course the following semester.</p>
