ENGLISH AND MATH REMEDIATION
Each California State University campus is responsible for ensuring that entering students take the English Placement Test (EPT) and Entry Level Mathematics Examination (ELM) unless they are exempt from the requirement(s). Based on the test results, those students requiring remedial instruction will be placed in the appropriate remedial classes during their first semester on campus. By taking the appropriate remedial classes in the first semester, students will be better prepared to meet the challenges of college level work. Remedial course requirements include MATH 10A, MATH 10B, MATH 30A, MATH 30B, MATH 40, MATH 45, ENGL 99 and ENGL 99M (see page 11). Degree credit is not awarded for these classes. Transfer students can qualify for an exemption by completing and transferring to CSUF a college course that satisfies the General Education - Breadth or Intersegmental General Education Transfer Curriculum (IGETC) quantitative reasoning requirement, provided such course was completed with a grade of “C” (2.0) or better.

SPECIAL OPPORTUNITY FOR ENGLISH REMEDIATION
A special opportunity for summer school students only! The English Department will offer a limited number of sections of English 100/100W-English as a Second Language 110. This 4-credit course (3 unit “lecture” and 1 unit workshop) is intended for students who score below 144 on the English Placement Test and would like to use the summer to complete their lower-division writing requirement while earning units toward graduation. (Students who don’t pass will be required to take English 101 in the fall.)

Not only will students who pass this summer course be done with their lower division writing, they will have earned three units toward graduation (units from English 99 are not applied to graduation). Those students who wait until the fall, will be required to take English 99 AND English 101 in order to complete the same requirement.

NOTE: Remedial classes are only offered by University Extended Education this summer. The class schedules and registration are not available in Titan Online. To view the schedule of remedial classes and to enroll, go to www.summer.fullerton.edu.

UNDERGRADUATE ACADEMIC ADVISEMENT
The university encourages all students to seek advisement each semester, well in advance of registration. Advisors in each major department and in Academic Advisement (UH-123B) assist students in making appropriate course selections and in planning a course of study. Students have the responsibility for taking advantage of opportunities for academic advisement provided by the various university offices and programs.

GENERAL EDUCATION ADVISEMENT
Students may obtain information about general education requirements at Academic Advisement. Academic Advisement is also the academic home of the undeclared student.

Students who began as Freshmen at CSUF must bring their General Education WorkSheets if they received prior advisement in the AAC and a current Titan Degree Audit (TDA) to each advisement session.

Transfer students must always bring their Titan Degree Audit (TDA) or Final Evaluation Summary of Units sheet.

The Final Evaluation and Summary of Units (blue sheet) was mailed to transfer students admitted prior to fall 2002.

MAJOR ADVISEMENT
Students who have declared a major should consult their departmental advisor well in advance of registration. Students who wish to explore the majors offered by a specific college should contact the appropriate college advisement office.

ACADEMIC DISHONESTY
Academic dishonesty includes such things as cheating, inventing false information or citations, plagiarism, and helping someone else commit an act of academic dishonesty. It usually involves an attempt by a student to show possession of a level of knowledge or skill which he or she does not possess.

The initial responsibility for detecting and dealing with academic dishonesty lies with the instructor concerned. An instructor who is convinced by the evidence that a student is guilty of academic dishonesty shall:

1. Assign an appropriate academic penalty. This may range from an oral reprimand to an F in the course.

2. Report the student to the department chair, and to the vice president for Student Affairs the alleged incident of academic dishonesty, including relevant documentation for action that he or she deems appropriate.

The vice president for Student Affairs shall maintain an academic dishonesty file of all cases of academic dishonesty with the appropriate documentation. Students shall be notified when their names are inserted into the file and provided with copies of any appeals or disciplinary procedures in which they may become involved. The vice president for Student Affairs or his or her designees may initiate disciplinary proceedings under Title 5, California Code of Regulations, Section 41301, and Chancellor’s Executive Order 148; when two or more incidents involving the same student occur, he or she shall be suspended.

A student may appeal any action taken on a charge of academic dishonesty under the University Policy Statement 300.030, “Academic Appeals.” See “Academic Appeals” in the “Student Affairs” section of this catalog.

ACADEMIC FREEDOM AND RESPONSIBILITY
The Academic Senate of the State University, Fullerton, endorses the 1987 Statement on Professional Ethics (UPSS 230.000) and the 1940 Statement of Principles and Interpretive Comments of the American Association of University Professors in the 1984 Edition of Policy Documents and Reports.

ADMISSION TO THE TEACHER EDUCATION CREDENTIAL PROGRAM (Continuing Students)
Admissions and processing fee of $30 is required of all applicants applying for the Credential Programs. Overview meetings are mandatory for admission to teacher credential programs. Schedules are available on the web: http://ed.fullerton.edu/adtep (657) 278-3412. The Center for Careers in Teaching (H-113) assists undergraduate students who are planning to become teachers. For further information, contact the Center for Careers in Teaching.

Deadlines for admission: February 26, 2010 for the fall 2010 semester and September 30, 2010 for the spring 2011 semester. Before registration for teacher education, you must apply to the University unless you are already enrolled. There is a $55 University Admissions fee (UPSS 230.000) and a $35 University catalog fee. The CWID will be used in conjunction with the student’s password to access the Fullerton Online Student Center. All University Admissions accounts for the student will be identified with the CWID. Each student needs to become familiar with his or her CWID number to be used in conducting university business and making academic inquiries.

CLASS ATTENDANCE
While class attendance is recorded officially by the university, regular attendance in class is often essential to success in a course. Policy on class attendance is within the discretion of the individual faculty member, who shall announce the policy at the first class meeting of the session.

It is especially important that students attend the first meeting of a course. Students absent from the first meeting without notification to the instructor or departmental office within twenty-four hours after class may be denied admission to the class. Instructors may deny admission to absentees who fail to attend the first meeting of the session.

E. Bicycles, motorized bicycles, motorized scooters and motorized skateboards are classified as non-motor vehicles and are not allowed on campus. Non-motor vehicles forms of transportation may be used on campus or any property controlled by the University to accommodate a disability with written authorization.

CAMPUS WIDE IDENTIFICATION NUMBER
Due to recent state laws concerning identity theft, Cal State Fullerton has adopted a system that assigns a unique ID number (CWID). The CWID will be used in conjunction with the student’s password to access the Fullerton Online Student Center. All University Admissions accounts for the student will be identified with the CWID. Each student needs to become familiar with his or her CWID number to be used in conducting university business and making academic inquiries.

ADVOCACY CAUTION
Undergraduate students who pursue graduate or professional studies later are advised to be selective in opting for courses on a credit/no credit basis. As a general rule (advisory only), coursework that is preparatory or prerequisite to advanced specialized study should be completed and evaluated on a letter grade basis and not credit/no credit.

INCOMPLETE AUTHORIZED (I)
The symbol “I” (incomplete authorized) signifies that a portion of the required coursework for a class has not been completed and evaluated in the prescribed time period, due to unforeseen but fully justified reasons, and that there is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the instructor and to determine from the instructor if the remaining course requirements which must be satisfied to remove the Incomplete. A final grade is assigned when the work agreed upon has been completed and evaluated.

An Incomplete must be made up within one year following the end of the term during which it was assigned. This limitation prevails whether or not the student is actively enrolled for subsequent enrollment. Failure to complete the assigned work will result in an Incomplete being changed to an “IC” symbol or an “NC.” The faculty member assigns a specific letter grade based on the work completed by the deadline. Therefore, “I” grades that were earned for the spring 2010 semester must be completed by May 27, 2011. “I” grades assigned at the end of the fall 2010 semester must be completed by January 2, 2012.

For class information and schedules go to www.fullerton.edu/schedule — 4 —
The “IC” symbol counts as a failing grade for grade point average and grade point balance calculations. A grade of incomplete may be given only when, in the opinion of the instructor, a student cannot complete a course during the semester for reasons beyond the student’s control. Such reasons are assumed to include: illness of the student or of members of the student’s immediate family, extraordinary financial loss of outside employment, and other exigencies. In assigning a grade of ‘I’, the instructor shall file with the department, for future reference and student access, a letter, for Completion of Course Work. The requirements shall not include retaking the course. The instructor will also designate a time limit (up to one year) for completion of course work. Upon request, a copy of the document will be furnished to the student. The student should review this statement at the earliest opportunity. The statement on file will include an indication of the quality of the student’s work to date. This does not provide an interim evaluation for the student but assists the department chair in assigning a final grade in those instances where the instructor is no longer available. When specific requirements are completed, the instructor will report a change of grade. The responsibility for changing the incomplete grade rests with the instructor.

INDEPENDENT STUDY

If you want to register in an independent study course, you must obtain written approval from the instructor and the department chair using the appropriate university form. During the semester, you and the instructor shall prepare a study plan and submit it to the department chair, or designee, for approval. The approved study plan shall be kept on file in the department or program office. The plan shall include a statement of the basis for the final evaluation of the independent study.

You may not take more than 6 units of independent study at the undergraduate level in a given semester or apply more than 9 units of independent study toward completion of the undergraduate degree. If you are a graduate student, you may not apply more than 6 units of independent study toward completion of a graduate degree unless written approval is obtained from the appropriate college dean.

Lower division students may enroll in Independent Study 299, upper division students in 499; and graduate students in 599, respectively. Independent study courses may be repeated.

Repetition of Course Policy

Grade Forgiveness: Undergraduate students may repeat courses up to 16 units for forgiveness at California State University, Fullerton. Up to 1 unit of grade ‘C’ (1.7 or lower) was earned. In repeating such courses, the traditional grading system shall be used. In computing the course grade of a student who repeats for the second time a course with a grade of ‘C’ (1.7) or lower, only the most recently earned grades and grade points shall be used for the first 16 units repeated.

In exercising this option, an undergraduate student must take and repeat each course in which the GPA calculation is affected independently. Each course must be repeated in the same semester. Classes under this type of repeat are referred to as ‘Grades Averaged’ repeats and the 12-unit limit was effective starting with the Fall 2009 semester. Therefore, the count of classes towards the 12-unit limit begins with classes taken and repeated from Fall 2009 forward.

An individual course may be taken a maximum of 3 times except as noted in the University catalog (e.g. KNES 100- may be repeated for credit up to six times).

Beginning with the Fall 2009 semester there were changes to the repetition of courses. For further details, please go to www.fullerton.edu/admissions (under “Resources” select Frequently Asked Questions).

FEES AND DEBTS OWED TO THE INSTITUTION

Should a student or former student fail to pay a fee or a debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt" until the debt is paid (see Title 5, California Code of Regulations, §42380 and §42381).

Prospective students who register for courses offered by the university are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. Additional collection action may be taken including collection agency referral, reporting to a credit bureau, and/or submission for offset of future state tax refunds, including any applicable costs of collection. If a person believes he or she does not owe all or part of an asserted unpaid obligation that person may contact the Student Financial Services at sfs@fullerton.edu. Student Financial Services, or another office on campus to which Student Financial Services may refer the person, will review all pertinent information provided by the person and available to the campus, and advise the person of its conclusions.

### SUMMER 2010 REFUND REQUIREMENTS

Regulations governing the refund of mandatory fees, for students enrolling at the California State University are included in §41802 of Title 5, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-supported programs at the California State University. Refunds of fees and tuition charges for self-support programs at the California State University (courses offered through Extended Education) are governed by a separate policy established by the University.

In order to receive a full refund of mandatory fees (less a processing fee $5), a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available in the registration pages of this registration guide.

For state-supported semesters, and non-standard terms or courses of four (4) weeks or more, a student who withdraws from all courses during the term in accordance with the university’s established procedures will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition. Pro-rated refunds will automatically be sent to the student less a processing fee ($5). No application for refund is necessary. However, if a pro-rated refund is not received two weeks after the withdrawal date, send an e-mail request to studentrefund@fullerton.edu.

For state-supported semesters, and non-standard terms or courses of less than four (4) weeks, no refunds of mandatory fees and nonresident tuition will be made unless a student cancels registration or drops all classes prior to the first day in accordance with the university’s established procedures and deadlines.

Students who reduce their status from full-time to six or fewer units during the campus designated add/drop period (see front cover) will automatically be sent a refund of the difference between full-time and part-time fees less a processing fee ($5).

Students will also receive a refund of mandatory fees, under the following circumstances:

- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the university;
- The university makes a delayed decision that the student was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances. The chief financial officer of the university or designee may authorize a refund if he or she determines that the fees and the tuition were not earned by the university. An Application to Appeal for Refund of Fees form is available at the Admissions and Records Service Center (LH-114) or the Student Financial Services Office (LH-180). Any documentation to support a refund appeal MUST be submitted with the appeal form. Information concerning any aspect of the refund may be obtained from Student Financial Services, LH-180, or email your questions to studentrefund@fullerton.edu.

For further information, contact the Student Financial Services Office at SFS@fullerton.edu.

(For class information and schedules go to www.fullerton.edu/schedule)
MISCELLANEOUS INFORMATION

FINANCIAL STATEMENT
You may view a current financial statement at any time through Titan Online via the Student Portal. If the Financial Statement reflects a "Current Due" balance, then payment must be made by the due date or you may be subject to dis-enrollment from classes.

If the Financial Statement reflects a credit balance because of an overpayment, cancelled classes, or administrative changes, and you do not intend to add classes, a refund will be automatically generated and mailed to your current address on file.

CAMPUS WIDE IDENTIFICATION NUMBER (CWID) ON CHECKS
All personal checks submitted for any payment to the University by students must include their Campus Wide Identification number. The (TitanCard number is not the student identification number.) Payment by personal check is considered the individual's approval for the University to write the CWID on the check if it is not already present. If you prefer that your CWID not be written on the check, then payment must be made by cashier's check, money order, or cash (refer to “Fee Payment Instructions” on page 12 for more information). Your CWID is used to assure credit to the proper account. Applicants are required to include their correct social security numbers (taxpayer identification numbers) in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code. The University uses the social security number to identify students and their records including to identify the student for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the university to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition and related expenses. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

DISHONORED CHECKS
A $25 fee will be charged for all checks or credit card payments returned by your bank, for any reason. The dishonored check or credit card payment plus the $25 fee must be paid with cash, cashier's check or money order, otherwise, the student may be disenrolled from classes. If the dishonored check or credit card was for payment of TITAN registration fees, the student may be subject to disenrollment from classes.

Students who have two or more dishonored checks posted to their University account (regardless of maker) will lose personal check-writing privileges with the University. All subsequent checks to the University must be made with cashier's check, money order, or cash (refer to page 12, “Fee Payment Instructions” for additional information).

YOU ARE FINANCIALLY RESPONSIBLE FOR “W” GRADES.
NONRESIDENT TUITION (DOMESTIC AND FOREIGN) STUDENTS
If you completely withdraw from classes at any time up through 60% of the term, you will automatically be sent a pro-rated refund less non-refundable fees and a processing fee. If you reduce your status to six (6) or fewer units during the campus-dedicated add/drop period (see cover) you will automatically be sent a refund of the difference between full-time and part-time fees, plus the corresponding add/drop fees, less a processing fee. State regulations regarding refunds have changed effective fall 2002, please see page 14 of this registration guide for more details.

OUTSTANDING BALANCES FROM PREVIOUS SEMESTERS
Payments for previous semesters must be paid and the hold cleared prior to registration. (Refer to “Fee Payment Instructions” on page 13 for more information.)

FINANCIAL AID

SUMMER PROGRAMS
Limited funds are available for summer enrollment. If you were enrolled through the main campus of CSUF during the fall 2009 and/or spring 2010 semester(s) and you did not receive the maximum annual Federal Pell Grant or Federal Loans, you may be eligible to receive the unused portion for your summer costs. If you have received the maximum Pell payment for fall 2009 and spring 2010, and enroll in at least 6 units for summer, you may be eligible for an additional Pell payment. Eligibility is contingent on your meeting eligibility criteria for each aid program.

Based on funding availability, State University Grant (SUG) funds will be offered.

QUALIFICATIONS
If you are a continuing CSUF student, you must have a valid 2009-10 Free Application for Federal Student Aid (FAFSA) on file at CSUF. The summer term is considered a “trailer” to the preceding award year and your summer eligibility will be based on your 2009-10 FAFSA data. Federal loans will be available only if you have unused annual eligibility remaining after spring 2010.

APPLICATION PROCESS
Complete procedures for summer aid are available on the CSUF Financial Aid website at www.fullerton.edu/financialaid.

ENROLLMENT REQUIREMENTS
Minimum enrollment for SUG is three (3) units. Minimum enrollment to receive a loan is six (6) units. Minimum enrollment to receive a Federal Pell Grant is determined by your Expected Family Contribution (EFC).

REGISTRATION FEES
At the completion of your TITAN registration, if your financial aid award is not yet determined or if it is insufficient to pay your full fees, you will be instructed of the amount due and the due date. If your financial aid award amount is sufficient to pay your fees in full, your fees will be paid automatically when your financial aid is disbursed.

FINANCIAL AID DISBURSEMENT
In most cases, payment will be issued once your first summer session course has begun. If you have any funds remaining after your summer registration fees have been credited, a balance check or direct deposit will be issued to you.

WITHDRAWALS
If you receive a Federal Pell Grant for summer 2010 and you drop one or more classes before the end of the session, you may be required to repay part or all of the Federal Pell Grant funds you received. If you receive Federal Pell Grant or Federal Loans for summer 2010 and you withdraw from all courses before the 60% point of the term, we will calculate the portion of financial aid you “earned” based on the number of days you were enrolled. You may be required to repay a portion of the funds you received and the University may be required to refund a portion of your fees to one or more federal aid programs.

SATISFACTORY ACADEMIC PROGRESS
To maintain eligibility for financial aid, you must demonstrate satisfactory academic progress by completing the courses in which you enroll and earning a passing grade in each course. Refer to the Satisfactory Academic Progress policy available on the web at www.fullerton.edu/financialaid.

Open Registration and Change of Program

Once registration begins for a particular class level, students in that level may continue to register or change their program until the published registration deadline (front cover) for the appropriate class session.

Note: Class levels (i.e., senior, junior, etc.) are determined by the total number of units earned as currently reflected on your CSUF transcript and units enrolled in at CSUF for spring 2010. This prioritization applies only to those students who are currently officially admitted to CSUF. Transfer work that has not been evaluated or posted to your CSUF transcript cannot be used to calculate class level for this purpose.

Before registering for classes, please read the following instructions carefully.

Maximum Units - University Limitation - A Maximum of 16 Units May be Taken During the Entire Summer Term 2010.

Late Registration

Late registration is defined as registration that occurs on or after the first day of the session. Late registration requires an electronic permit from the department, payment of a late registration fee, and immediate payment of fees. Open University students require a paper add permit.

Closed Classes

When classes meet the established enrollment limit, they are closed. You may waitlist a course if the option is available (see Waitlist, page 20). Additional enrollments can be accepted into a closed class only with an electronic permit from the department. Open University students require a paper add permit.

Dropping Classes

If a student decides not to continue enrollment in a class, either before or after instruction begins, it is the student’s responsibility to follow and complete the appropriate procedures for dropping the class.

Deadlines

Deadlines for adding/dropping classes and refund of fees are published on the front cover of this registration guide. See page 27 for Open University deadlines.

WAITLIST

Waitlisting is available to all colleges. If a course is full, you may try to obtain a place in the class by getting on the wait list. As space in the class becomes available, your name will advance on the wait list. If enough students drop the course, you may be automatically enrolled from the wait list.

HOW WAITLISTING WORKS

• Most classes will offer waitlisting with the exception of 495, 499, 595, 598 and 599 classes.
• The standard waitlist limit for each class is 15 students; this is regardless of the class limit. Some classes may have different waitlist limits based on department discretion.
• You can waitlist for a maximum of 4 units, provided that each course’s waitlist is not already full. (Note: Waitlisted units are not included toward your enrollment unit limit.
• If you successfully get into the class, then the units will count towards your enrollment unit limit.)
• You must meet any requisites for the class before you can be placed on the waitlist, e.g., course pre-requisites, section co-requisites, major and class level restrictions.
• Students cannot waitlist the same lecture section or the same lab section more than once.
• If a seat becomes available, the student first on the waitlist will get the seat (subject to the restrictions below).
• Students will be moved from the waitlist into the class if other students drop or are dropped due to non-payment of fees.
• If students drop, seats will not be available to students who happen to log in if there is someone on the waitlist.
• If you are moved from the waitlist into the class, you will receive an email notification.
• If you are waitlisted for multiple sections of the same course, and you successfully get into one of the sections, you will be automatically removed from the waitlists for the other sections.
• You will not be billed for waitlisted classes but will be billed if moved from a waitlist into a class and the additional units result in higher registration fees. It is important to check your class schedule and account summary regularly to avoid possible cancellation of added class(es).
• If you are moved from the waitlist into a class, it is your responsibility to drop the class (as with any other class) if you decide not to attend. Failure to do so will result in a ‘WU’ grade on your record which will lower your grade point average.
• There is no guarantee you will be moved off the waitlist and enrolled into the class. Once the process to move students from the waitlist has run for the final time and classes have begun, instructors are not required to add students who were waitlisted for the class.
• The online waitlisting feature will cease to function on May 25, 2010. The waitlist will be retained for informational purposes for the instructor.
• Faculty will control access to “closed” classes starting with the first day of class via normal permit procedures.

WAITLIST RESTRICTIONS

Students will be moved from the waitlist into the class if space becomes available, and in the order placed, unless either of the following restrictions apply:

1. There is a time conflict with another registered class. Since potential time conflicts are not checked when you place yourself on a waitlist, you should ensure that waitlisted classes do not conflict with your enrolled schedule.
2. You are already enrolled in another section of the same course. Do not use waitlisting to try to get into another section of a course in which you are already enrolled, as you will not be moved from the waitlist if space becomes available. You will need to choose whether to take a chance and place yourself on the waitlist of the full section in the hope that space becomes available or remain enrolled in the section you have already scheduled.

If you cannot be moved from the waitlist, for either of the reasons given above, you will be skipped and the next student considered. You will not be reconsidered until the next time space becomes available in the class.

Check your schedule regularly in your Titan Online Student Center to monitor your position on a waitlist. If you decide you no longer wish to wait for space to become available, you may drop yourself from a waitlist.

WAITLIST RESTRICTIONS
Students will be moved from the waitlist into the class if space becomes available, and in the order placed, unless either of the following restrictions apply:

1. There is a time conflict with another registered class. Since potential time conflicts are not checked when you place yourself on a waitlist, you should ensure that waitlisted classes do not conflict with your enrolled schedule.

2. You are already enrolled in another section of the same course. Do not use waitlisting to try to get into another section of a course in which you are already enrolled, as you will not be moved from the waitlist if space becomes available. You will need to choose whether to take a chance and place yourself on the waitlist of the full section in the hope that space becomes available or remain enrolled in the section you have already scheduled.

If you cannot be moved from the waitlist, for either of the reasons given above, you will be skipped and the next student considered. You will not be reconsidered until the next time space becomes available in the class.

Check your schedule regularly in your Titan Online Student Center to monitor your position on a waitlist. If you decide you no longer wish to wait for space to become available, you may drop yourself from a waitlist.

Open University Enrollment provides an opportunity for people who are not currently admitted to Cal State Fullerton to enroll in undergraduate and graduate-level classes. In Summer 2010, this will include students not admitted in undergraduate and post-baccalaureate programs until Fall 2010. Registration is on a space available basis.

**KEY POINTS**

- Credit earned through Open University is designated as special session credit. Only the first 24 units of Open University credit may count towards a bachelor's degree. Open University courses cannot be used to fulfill the residence requirement (30 semester units) for a bachelor's degree. For graduate degrees, normally 6 to 9 units of approved special session credit may apply, but for degrees which require more than 30 units, more units of credit may apply. Please consult the department graduate advisor.

- Registration is on a petition (space available) basis and is determined at the time of registration and does not constitute admission to the university.

- Academic advisement is required for all Open University students. Contact the academic advisor, Lyn Richie-Walker, located in University Hall 123 (UH-123); phone: 657.278.7645; email: iriche-walker@fullerton.edu for advisement and class approval prior to registration.

Graduate Program in Applied Mathematics

The Cal State Fullerton Department of Mathematics offers a graduate program in applied mathematics leading to the Master of Arts degree. This program was developed in consultation with mathematicians and scientists in the local industrial community. It is designed for individuals who are seeking or currently hold positions which involve mathematical or quantitative applications.

The coursework emphasizes:

• Modern applied mathematics
• Problem solving
• Modeling
• Computation

All required courses are offered during the evening and can be completed in two calendar years, including summers. There are a minimal number of prerequisites and Summer Session is an ideal time to take these courses. However, the graduate program must be started in the fall semester. Financial aid is available.

To receive more information, visit http://math.fullerton.edu/appliedoption or call the Mathematics Department at (657) 278-3631.
