STUDENT SPOTLIGHT

Laura Hoffman, '14
*MFA in Art,
 Concentration in
 Illustration*

*Recipient of the
 Tribute Grant for
 Graduate Arts Student*

The Arts have been my passion since I can remember, I have been drawing since the age of three. An area I connected to was Advanced Digital Illustration—I enjoyed the narrative illustrations. I could combine traditional methods while working with digital methods. One of my favorite projects was *Racing Dachshunds*, a painting I started in graphite, and then added transparent washes of color and texture through digital methods. I am proud that CSUF has acquired this painting and it now hangs in the Titan Student Union.

In receiving the award I was extremely honored, and felt validated and valued as an artist. It allowed me to purchase updated digital equipment and work on larger formats with a more natural feel. Grant opportunities provided by Art Alliance serve as motivation for students to enter exhibitions and strive to bring up the level of our work. Winning an award showcases the talent and effort of the student, but also recognizes the faculty who guide us.
