

PHOTOGRAPHER GUIDELINES

Cal State Fullerton School of Music

These guidelines are set to help provide you and the audience with a pleasant and hassle free experience. If there are any questions regarding these guidelines, please contact the Music Department Production Coordinator.

All requests for press photographers must be made to Julie Bussell, Public Relations & Marketing Director at (657) 278-2434 or jbussell@fullerton.edu.

General Guidelines

- Upon arrival, please identify yourself and ask to speak to the House Manager or Production Coordinator.
- Photos are limited to being taken during applause only, unless the photographer uses a hard blimp (silencing box) surrounding the camera. A soft blimp is not acceptable. The sound of a single reflex camera is disruptive to the audience and is heard on recordings.
- Photos can be taken from the back of the house, or on either side of the parterre or balcony. These are the only places from which photos can be taken. If a hard blimp is being used, please discuss other possible locations with the Production Coordinator.
- NO FLASH. A flash cannot be used at any time.

If at anytime the photographer is not following these guidelines and/or instructions given to him/her by the Production Coordinator and the house staff, he/she will be asked to leave.
