Develop a Self-Care Plan

Do what you can, with what you have, where you are.
- Theodore Roosevelt

1. List the self-care habits you are using now to manage stress and stay healthy:
   (I get at least 8 hours of sleep each night)
   •
   •
   •
   •
   •

2. List the self-care habits you would like to use, but are not currently practicing:
   (Take a regular spin class)
   •
   •
   •
   •
   •

3. Identify the obstacles keeping you from practicing these habits:
   (I am not taking a spin class now because I feel like I don’t have the time and I think it might be too expensive.)

I am not because . . .
•
•
•
•
•

4. What solutions can you come up with to address the obstacles you listed?

(I could look for discounted or free spin classes or free classes at CSUF Recreation Center. I could free up time for myself by cutting back on time watching TV.)

I could . . .

5. Take a moment to reread the self-care habits you wrote down for item 2. Select one of the habits you would like to begin practicing and complete the sentences below.

(Today, I commit to taking a weekly spin class. I want to do this because I want to improve my flexibility, learn a new skill, and have some time for myself each week. I will accomplish this by finding and enrolling in a free or low-cost class, watching less TV, and asking for support from others.)

Today, I commit to . . .

I want to do this because . . .

I will accomplish this by . . .
