Answers to Your Questions

ACADEMIC ADVISEMENT POLICY

CSUF Academic Policy (UPS 300.002) states that

- the responsibility for ensuring the availability of academic advisement rests with each college dean
- in order to ensure that all students receive the opportunities of appropriate advising, every student enrolled at California State University, Fullerton should declare a major as soon as possible after admission to the university. In any event, a major shall be declared prior to the completion of 60 semester units of course work.
- all students shall confer with an academic adviser on a regular basis.
- all first-time freshmen must receive academic advisement prior to registration for their first semester.

NEW STUDENT ORIENTATIONS

All first time freshmen are required to attend New Student Orientation, where they receive their mandatory academic advisement. First-time freshmen who do not register for a New Student Orientation session prior to the published deadline risk losing their fall admission. All transfer students are required to complete an overview of university requirements via Transfer Student Orientation or an online tutorial. Visit www.fullerton.edu/orientation for more information.

CHOOSING GENERAL EDUCATION COURSES AND ELECTIVES

In keeping with the liberal arts tradition, the university requires its graduates to have sampled a variety of disciplines as part of their general education. The broad categories of general education courses are presented in the catalog section "General Education."

All students are strongly encouraged to consult the Academic Advisement Center about selection of general education and elective courses.

ADVISEMENT IN THE MAJOR

Students who have declared a major should consult their departmental adviser on a regular basis for academic advisement. Students who wish to explore the majors offered by a specific college should contact either the college advisement office or the college dean's office for referral to the department.

TITAN DEGREE AUDIT

The TITAN Degree Audit (TDA) serves as an advising tool for both students and academic advisers. The report provides information on student progress towards the completion of general education, major and other degree requirements. Students can access their TDAs by logging on to TITAN Online and selecting the "Student Academics" tab. The student's campuswide ID number and PIN are requirements to log in.

COLLEGE ADVISEMENT OFFICES

Students who wish to explore undergraduate majors offered by a specific college should contact the appropriate college advisement office. Please note: the College of Education does not offer undergraduate programs; undergraduates seeking academic advisement are encouraged to go to the Center for Careers in Teaching for assistance with course selection in preparation for teaching.

ACADEMIC ADVISEMENT CENTER

University Hall 123 (714) 278-3606

www.fullerton.edu/aac

The Academic Advisement Center provides academic counseling to matriculated students with respect to the General Education Program and the policies/procedures associated with that program. The Academic Advisement Center is the academic home department for undeclared students, providing services normally given through the student's declared major department. Additionally, the center provides programs and services to assist students in the selection of a major. Students seeking information about the implications of academic probation are encouraged to visit the Academic Advisement Center for a personal consultation. Disqualified students must meet with an adviser in the Academic Advisement Center prior to enrolling in Open University and to discuss options for readmission. Please consult the Academic Advisement Center

website for useful information about the General Education program, graduation requirements, university policies and procedures. The center provides walk-in advising; no appointment necessary.

UNDECLARED MAJORS

Students who have not selected a major are "undeclared." The Academic Advisement Center provides a variety of resources and services to assist students in choosing an appropriate major. Information about the various majors at Cal State Fullerton is available in the "Undeclared Resource Room" in the center (UH-124). The Academic Advisement Center offers resources to assist students in the exploration of available majors.

PLANNING A MAJOR PROGRAM

When students have selected a major field, they should familiarize themselves with all the requirements that are specified in this catalog under their chosen degree program. They should make a tentative semester-by-semester plan for completing the requirements, including prerequisites, and discuss this plan with an adviser in the major. In addition to courses in the major department, related courses in other fields and supporting courses in basic skills may also be required. These should be included in the tentative semester-by-semester plan. Sample plans for many majors are available at www.fullerton. edu/aac.

Some departments require placement tests prior to enrolling in some classes (e.g., foreign languages, music and computer science). The times and places for such placement tests are given in the Class Schedule. Students should purchase a copy of the Class Schedule at the Titan Bookstore prior to the start of registration.

CHANGE OF MAJOR, DEGREE OR CREDENTIAL OBJECTIVE

To change a major, degree objective, or credential objective, obtain the required form in the Office of Admissions and Records (LH-114) and take it to the appropriate office(s) for signature(s). Such a change is not official until the form has been signed and filed in the Registrar's Office.

DEPARTMENTAL ACADEMIC ADVISEMENT

An adviser in the major can provide information and suggestions and can assist the student to find the most desirable ways to meet the requirements for graduation and for the major or credential. It is the responsibility of the student to obtain the assistance of an academic adviser. The final choice of courses and the responsibility for the program lies with the student. Undergraduate students who have not yet decided upon a major (undeclared students) will be advised in the Academic Advisement Center.

If students have transferred to Cal State Fullerton, the academic department advisers are able to offer better advice if students provide lists of courses they have taken and their own copies of transcripts from colleges previously attended.

PREPROFESSIONAL PROGRAMS

The academic programs of the university provide appropriate preparation for graduate work in a variety of fields. Students who have made tentative decisions about the institutions at which they may wish to pursue graduate work should consult the catalogs of those graduate colleges as they plan their undergraduate course work. Students planning to pursue graduate work should supplement their undergraduate plan of study by completing course requirements at major graduate colleges.

The university offers a number of professional programs through the master's degree. These include programs in the fine arts, business administration, communications, education, engineering, psychology, kinesiology, public health, public administration, speech pathology-audiology and others. Students interested in preparing for professional careers in these areas, either here or at other educational institutions, are encouraged to seek assistance and guidance from faculty members in these fields.

Pre-law Preparation

It is recommended that prospective law students prepare themselves in such fields as English, American history, economics, philosophy, political science (particularly the history and development of English and American political institutions) and such undergraduate courses as judicial process, administrative law, constitutional law and international law, philosophy (particularly ethics and logic), business administration, anthropology, psychology and sociology. A distribution of course sequences among the social sciences, the natural sciences and the humanities is desirable. Students interested in becoming lawyers should contact the pre-law adviser in the Division of Politics, Administration and Justice. Some faculty members in the College of Business and Economics and the Departments of American Studies and History also can provide advice and assistance.

Pre-theological

Students who might be interested in pursuing careers in the ministry, the teaching of religion, and associated fields should take some courses in comparative religion, psychology, anthropology, sociology, philosophy, history, English, speech communication and a foreign language. Students desiring assistance and counseling regarding advanced work in religious studies/comparative religion or professional careers as rabbis, priests, ministers, etc., may seek help from the faculty in the Department of Comparative Religion.

Human Services

Students who plan to seek employment in social work or human services should prepare themselves in the fields of human services, child and adolescent development, psychology, sociology, anthropology, political science, economics and research methods in the social sciences.

Students who intend to enter a professional program following undergraduate training should learn about the specific prerequisites for admission to the graduate program of their choice. Ordinarily, a major in one of the social sciences and some additional work in at least several other social sciences are recommended. Students with interests in pursuing careers in the field of social work and social welfare should contact the Master of Social work (MSW) Program for guidance and assistance.

HEALTH PROFESSIONS

University Hall 223 (714) 278-3980

All health professions programs are seeking the best qualified applicants with a good command of communications skills, rigorous basic science preparation, a broad general education base, and outside clinical experience. The Health Professions Advising Office provides information and advisement for prospective applicants. It is strongly recommended that students who wish to pursue careers in the health professions contact this office.

TEACHING CAREERS

Students who plan to enter the teaching profession must prepare themselves by developing depth of knowledge in the subject areas they plan to teach. Teachers of elementary school-children must have a solid foundation of knowledge in all subjects taught in the elementary classroom. High school teachers must develop expertise in the subject named on their single subject credentials. Students are encouraged to seek advice early in their academic careers to most efficiently plan a program of study that effectively blends general education, major and subject matter preparation requirements. The Center for Careers in Teaching provides information and advisement for prospective teachers. Visit the Center for Careers in Teaching website (www.fullerton.edu/cct) or call (714) 278-7130.

IMMIGRATION REQUIREMENTS FOR LICENSURE

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, includes provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants, as well as benefits for all illegal immigrants. Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning these requirements is available from Greg Sweet, Tax Compliance Manager, College Park 392, (714) 278-5671, P.O. Box 6808, Fullerton CA 92834-6808.
