

## PRODUCT LIST

### **2012 Orange County Progress Report**

Annual comprehensive resource document containing a variety of statistical and demographic data for Orange County and its thirty-four cities. To view the table of contents, please click on the following link <http://www.fullerton.edu/cdr/PRTOC.pdf> To see samples of the city information contained in the 2012 Progress Report, visit our [OC City Demographics](#) page and view the first page in our four-page spread for each jurisdiction. \$50.00

### **Orange County Projections 2010 Modified (OCP 2010 Modified):**

This series of projections includes Orange County housing, population and employment in five-year intervals up to 2035. The tiered reports take into account the 2010 Census release. The Tier 1 report is a booklet highlighting the areas of the projections. The Tier 2 book is a more indepth look at the projections and the various geographies in Orange County. Below is an outline of what each document contains. You are welcome to visit CDR to determine which document is right for you.

#### **OCP 2010 Modified Tier 1:**

This 36-page report contains Orange County housing, population and employment projections in five-year intervals up to 2035. Data is shown by County, Jurisdiction, and Regional Statistical Area (RSA). This report contains:

- ❑ Narrative on Countywide projections and demographic trends
- ❑ Countywide growth assumptions
- ❑ Individual profiles of each of the RSAs
- ❑ Maps of the geographies

This report is only available in hardcopy. \$300.00

#### **OCP 2010 Modified Tier 2:**

This 150-page report contains Orange County housing, population and employment projections in five-year intervals up to 2035. Data is shown by County, Jurisdiction, Regional Statistical Area (RSA), Community Analysis Area (CAA), and 2000 Census Tract.

This report also contains:

- ❑ Narrative on Countywide projections and demographic trends
- ❑ Countywide growth assumptions
- ❑ Individual profiles of each of the RSAs
- ❑ Maps of the geographies
- ❑ Population estimates for each projection year by race/ethnicity, sex and five-year age cohort at the County level
- ❑ Methodology section
- ❑ Electronic versions of the data in PC Excel format

This report is only available in hardcopy with electronic dataset. \$500.00

## **Orange County Facts and Figures:**

Six pages of the most frequently asked demographic questions regarding Orange County. For the entire county, subjects include current population, income, employment, real estate activity, building permits, taxable sales and CPI. Municipal information covers population and housing units only. Updated as needed. Hardcopy - \$3.00 or <http://www.fullerton.edu/cdr/OCFF.pdf>

**Orange County Profiles (the last issue of this product is June 2009 due to decreased funding):** A quarterly newsletter dedicated to covering one demographic issue concerning Orange County. Text, graphics and tables over 4-8 pages. \$3.00 for hardcopy or visit <http://www.fullerton.edu/cdr/profiles.asp>
