Graduate School Informational Session

October 5, 2021 at 5:00 pm

Zoom meeting: https://fullerton.zoom.us/j/84716064912

Please join us for a presentation about graduate school in chemistry and biochemistry. During the session we will discuss:

- M.S. vs Ph.D. graduate programs.
- How to apply to graduate school.
- Selecting a graduate research mentor.
- How to be successful in graduate school.
- M.S. program at CSUF

There will be opportunities to speak directly with faculty members about their experience in graduate school and answer questions. You will also learn about the graduate program at CSUF. This session is open to all undergraduate students.

Please come and learn how you can succeed in graduate school.

For any questions, please contact: Dr. Nicholas Salzameda (nsalzameda@fullerton.edu)
