Academic Internships (POSC 298 & 498)

Each one involves students working in a government agency, non-profit, or political organization, and meeting on campus to discuss and analyze their experiences. Students cannot repeat the same internship class. The requirements for the internship courses differ depending on the students major.

Prior to registration for an internship course, students should see their major advisor and/or Faculty Internship Coordinator.

What is an Academic Internship?

At Cal State Fullerton, academic internships are credit-bearing. Students enroll in an internship course and complete course requirements. The number of units you receive depends on the number of hours you complete at your internship site. Each credit unit is equivalent to 40 hours of work at an internship site.

An academic internship is a work-learning partnership between a student, the university, and a host company or organization that bears a direct relationship to a student's major and professional goals.
