Subject: Re: Dean's Review of the PPR Report, MS in Civil Engineering Program

The Civil Engineering program is thankful to Dean Barua for careful review of the Program Performance Review report, external review committee recommendations, and response from the program coordinator to the External Review Committee Recommendations for the MS degree program in Civil Engineering.

As Department Chair, I concur with the Dean's findings and follow-up activities. The Department will closely work with the Dean's office to ensure the continued success and improvement of the program.
