

# Learning Domains

---

Judicial Affairs has identified two learning domains identified in the Student Affairs Learning Domains that we will focus our learning assessment projects on for 2011-2012:

## 1) Self-Management

---

*We want students to:*

- Apply critical thinking skills in making decisions regarding healthy and responsible behavior
- Explore and engage in new learning experiences and opportunities.
- Develop and manage personal plans, adjusting goals as needed given new experiences, priorities and information.

## 2) Social & Civic Responsibility

---

*We want students to:*

- Understand and demonstrate a commitment to integrity and civility.
