## Experiential Component Policy

### Purpose:

The purpose of the Experiential Component is to integrate learning with hands-on experience. SLI Participants have the unique opportunity to take what they have learned in their workshops and apply that to real world experiences.

As part of the SLI certificate track, SLI participants are required to complete a minimum of five (5) hours in an activity or event related to their chosen track. Then, participants must write an Experiential Component paper that ties their activity with what they have learned in the workshops.

\* Examples and suggestions can be found online at [www.fullerton.edu/sli](http://www.fullerton.edu/sli)

*Papers which do not meet all requirement, especially for the written paper—**two (2) pages, double-space, Times New Roman font, one (1) inch margins, and connection to at least three (3) track workshops**—will be sent back to the participant. **Papers with only activity and/or workshop summary will NOT be accepted.** The participant then needs to edit the paper as necessary and re-submit in order to attend the end-of-the-year Banquet and receive a Certificate of Completion.*

Submit all forms to TSU 235 or e-mail them to [slinstitute@fullerton.edu](mailto:slinstitute@fullerton.edu). The SLICC team would also be more than happy to answer further questions and give suggestions.
