The film is about the contributions students can make regardless of immigration status. It is a big misconception that the Patient Protection and Affordable Care Act, better known as the PPACA, is a plan that only benefits documented citizens. The majority of the undocumented community is still more likely to face the stigma surrounding the subject and possible options available for undocumented immigrants. The presentation will highlight domestic violence in immigrant communities, examining the legal requirements for those living in the United States.

Event Details:

- **Living in the Shadows: Domestic Violence and Undocumented Survivors**
