Re: **Job Announcement for Civil Engineers**

Applies to: Civil Eng. Majors (Structural Emphasis) of **Junior, Senior or Grad. Level.**

Job Description: Pool Engineering Inc., a structural engineering Firm based in **Anaheim, CA**, has (2) two full or part time Engineering Designer positions available beginning as soon as possible. Part time positions are expected to lead to a full time position upon graduation. Flexible working hours are available Monday-Thursday, 8:00am to 5:00pm, and Friday 8:00am to 2:00pm.

Duties: The applicant will be designing various structures including retaining walls, foundations, timber structures, reinforced concrete structures and various non-building structures. This position will allow the applicant to become thoroughly familiar with building codes, and design standards for use throughout California. Applicant will have direct contact with contractors and plan checkers, and will work under the supervision of four California Licensed Professional Engineers.

Required Skills and/or coursework: **Any combination of the following;** Reinforced Concrete design, masonry design, timber design, foundation/geotechnical design, any other applicable structural design/analysis courses. AutoCAD drafting skills are highly recommended. Good communication skills are required.

Salary: Salary Ranges are open, and dependant on experience, knowledge, and Skills.

Applicants may fax or email resumes to the following number/address:

Fax – (714) 630-6114
Email – HR@pooleng.com
