

**TRI LAKE**  
CONSULTANTS, INC.  
MUNICIPAL ENGINEERS

## **ENTRY-LEVEL POSITION AVAILABLE**

Tri Lake Consultants, a municipal civil engineering firm located in Southern California, has an opening for an entry-level civil engineer. Responsibilities will include design and construction oversight of City capital improvement projects (highway, storm drain, sewer, water, etc.) as well as some plan check and oversight of private development as a City representative.

Tri Lake was founded in 1988 by Habib Motlagh and has experienced steady growth in size and clientele for two decades. Located in one of the nation's fastest growing areas, Riverside County, California, the company's 25+ employees work exclusively for public agencies to provide comprehensive municipal engineering services.

We are an equal opportunity employer. Please contact the office to send a resume. To learn more, please call (951) 943-6504.

Tri Lake Consultants
