Students who receive financial assistance are responsible for understanding and agreeing to the following terms and conditions. *Incomplete documents will not be returned. They will be disposed of in a secure manner, per university policy. This will delay processing.*

2015-2016 Financial Aid Terms and Conditions

- You understand that an offer of financial aid is for the 2015-16 academic year and that offers of financial aid are contingent on the availability of funds. Furthermore, you understand you must re-apply and re-establish eligibility for financial aid each award year.
- As a financial aid recipient, you understand that funds received from an outside source or agency for educational expenses (i.e. scholarships, fee waivers, Voc Rehab assistance, etc.) will be coordinated with all other aid offered and that the coordination of these additional resources may result in changes to the types and amounts of financial aid initially offered by CSU Fullerton.
- If you are a Pell Grant recipient you understand that eligibility is limited to a lifetime maximum of six years of eligibility.
- You understand that if you are awarded a State University grant, you must be enrolled in a minimum of 6 units each term to receive payment (applies to undergraduate, credential, and graduate students). CSU system-wide regulations limit these funds to eligible students for up to 150 completed units of enrollment for undergraduate students (75 completed units for transfer students), 30 completed units for teacher credential students, and varies for graduate students (125% completed units of the required program length). Students completing a 2nd bachelor's credential, masters, or doctorate degree are not eligible.
- You understand that once financial aid funds are available for payment (typically seven days before classes start), financial aid will be credited to your student account to pay for your mandatory fees and any other outstanding obligations related to your educational expenses at CSU Fullerton for the 2015-2016 award year. Your signature below authorizes CSU Fullerton to automatically apply funds from your financial aid the amounts necessary to pay for enrollment fees, other fees (including the New Student Orientation fee), and other educationally-related financial obligations owed to the University. If you are a Cal Grant B Access recipient you may rescind this authorization with written notification to the CSUF Office of Financial Aid. If your financial aid disbursement does not cover the balance due, you are responsible for payment to the University.
- You understand that financial aid is available for payment only if you have been officially admitted (not provisionally or conditionally admitted), are enrolled in classes during the semester(s) indicated on your award letter, and meet all other disbursement requirements. You understand that financial aid offered is based on full-time enrollment and that payments may be adjusted for part-time enrollment.
- If you are offered student loan funds, you understand that undergraduates must be enrolled in a minimum of six (6) units throughout the loan period to be eligible to receive loan funds. Graduate courses are weighted, and the weighted total must be at least 6 units. (Typically 4 units of graduate level courses is the equivalent of 6 units.)
- You understand that a condition to receive financial aid requires that you must meet Satisfactory Academic Progress standards according to policies established by the CSU Fullerton Office of Financial Aid and consistent with federal guidelines. You understand that these policies include 1.) Completion of a minimum number of units based on your enrollment status, 2.) An evaluation of academic progress based on cumulative grade point average, and 3.) A maximum time frame for receiving financial aid to complete your degree objective.
- You understand that should you withdraw from classes following payment of financial aid, you may be subject to repayment of funds already received based on the Return to Title IV calculations and you may jeopardize your future eligibility for financial aid due to lack of achieving satisfactory academic progress.
- You understand that you may receive financial aid at only one school for the same period of enrollment.
- You understand that the Office of Financial Aid reserves the right to review, modify or cancel financial aid offered at any time due to changes in your financial status, eligibility for financial aid, or changes in federal, state or institutional fund availability. In addition, your financial aid offered may be void or one or more financial aid program(s) may be canceled or modified if the aid offered was based on any error in determining eligibility or the amount of financial aid offered, whether or not the error was made by you or the CSUF Office of Financial Aid.
- By signing this form, you acknowledge that you understand and agree to the terms and conditions.
