How to address missing materials from the Portfolio
Sometimes a faculty member will forget to upload something as part of his or her RTP Portfolio. It is your job as Chair to check for any missing material **BEFORE** declaring the portfolio complete and address it in the following manner

1) Go to the section in the Candidate Packet that has the missing material and “Unlock” it
2) Email the faculty member, whose packet it is, and inform them of the following:
   a) What items are missing from which section
   b) That you have unlocked the section where they need to upload the missing items
   c) He or she will need to log back into Interfolio, upload the missing material, and re-submit the section(s) that have been opened
   d) Give the faculty member a deadline to complete the task, because you as the Chair have to forward the case to the Departmental Review level by a date specified in the Annual RTP Timetables provided by FAR

**Uploading the Completed RTP Checklist to the “Required Items Box”**

Once you have checked the RTP portfolio for completeness and any missing items have been successfully submitted, you will need to fill out your portion of the RTP portfolio checklist.

1) This checklist would have been emailed to you by each faculty member
2) You will need to fill out these portions
   a) The “previous evaluations” box only needs to be checked for those faculty members **NOT** undergoing their first full-performance review.

3) After filling in your name and adding the date to the RTP checklist, the checklist will need to be uploaded to the Required Items box on the “Case Details” page of EACH case to fulfill the required document condition
a) Look for the number next to the “Case Details” tab in each case, and click “case details” or scroll down to where a box with a purple exclamation is located and click “view”

b) After clicking one of the options listed above, read the instructions available for each review step
c) These instructions will tell you what is expected of you, provide links to useful resources, and list the deadline by which the case must be forwarded to the next review level
d) NOTE: Make sure to click on the "->" next to "Instructions to expand the section and read the available instructions for your review level if it is not already expanded"
4) Just below the instructions box is the "required items" box where you will upload the required document review step
   a) *PLEASE NOTE: the required documentation must be uploaded through this SPECIFIC DIALOG BOX. Simply adding the document to the internal case section specified in the instructions WILL NOT SATISFY the REQUIREMENT
   i) As a result, you WILL NOT BE ABLE TO FORWARD THE CASE

Process
1) Step 1: To upload the completed RTP Checklist, Click "+Add"
2) Step 2: Click "Browse to Upload"
3) Step 3: Select your document
4) Step 4: Leave the selected section as "Evaluation Documents"
5) Step 5: Click "+Add"
6) Step 6: Check to make sure the upload was successful
Required Items

All required items must be completed before the case can advance to the next step. Files can be added by any Committee Manager or Administrator with access to this case.

Sharing copies of any rebuttals filed with DPC
As part of the Evaluation Process, one of your responsibilities as the Department Chair is to provide copies of any rebuttals filed in response to your evaluation statement with the committees that have previously reviewed the WPAF material.

This responsibility becomes very important for committees that evaluate submitted portfolio materials later in the process, like the Department Chair and College Dean. Moreover, it can be done through the Interfolio platform.

To share a document with other Committees through Interfolio:
1) Step 1: Log in to Interfolio
2) Step 2: Stay on the “Case Materials” page, click “Share”, then select “With Committee members”
3) Step 3: Remove your name from the “To” section of the message

Appendix I: Tips for Annotating in Interfolio

For those of you who like to annotate or make notes on materials you can do so in Interfolio, while in the "read case" mode

PLEASE NOTE: Set the Following defaults on your Computer

○ Internet browser: the most up-to-date version of Google Chrome, Firefox, or Safari
○ PDF reader: Adobe Acrobat DC or Mac equivalent

After logging in to Interfolio and clicking on the name of a faculty member who has been assigned to you for review, click the "Read Case" button

1) This button will redirect you to the screen below where you can read the faculty member’s submitted documents

a) Within this screen, there are several tools available to help you annotate within documents, search for specific terms within a document, and keep track of everything

When looking for something specific within a doc, use this search box
2) For annotation, there are three icons and corresponding tools to help you annotate within a document submitted with an RTP Portfolio or Lecturer WPAF in the bottom right-hand corner of the Read Case viewing mode.

3) The Note Pad icon allows you to make annotations in 3 different ways:

a) You can input a point with an attached comment which functions a lot like a bookmark or note bubble in Adobe. To initiate the tool make sure to click the word “point”.

   i) Then go to the location in the document that you would like to make the point and click. The point will be marked and a text box will appear for you to type your notes in.
b) The second option is to select an area within the document you are working in. To initiate go back down to the notepad icon and click the word area

i) Then go to the area in the document that you would like to circle, click and drag to define the area, then release your mouse. The area will be marked and a text box will appear for you to type your notes in
c) The third and final option available through the notepad icon is the text option, which allows you to highlight text and a corresponding text box will appear for you to make your note in.

i) Go to the text you want to highlight click and drag your mouse from L to R, then release your mouse. The text will be highlighted.
4) Now all annotations made within the interfolio platform, while in the read case mode are automatically saved in the "annotations" pane

![Image of interfolio platform with annotations]

5) All of your annotations from a specific document are arranged by document name, date, and time you inputted them, and the text of the annotation itself.

   a) When you click on a specific annotation the document in the read case screen will resize and the annotation highlighted
6) All of your annotations can also be exported to a PDF that you can use and reference later
   a) To Export your annotations click this button

   ![Annotations](image)

   Click Here to automatically generate a PDF of your annotations

7) From all the examples provided above this is the PDF that was generated

   ![PDF](image)

   This word is hyperlinked, clicking it will take you back to the document where you made this comment
8) To delete your annotations
   a) Click inside the textbox of the annotation you want to delete, then click the trashcan icon down in the bottom, right-hand corner of the "read case" screen

9) To make your annotations visible or invisible on the document you are working in, click the eye icon in the bottom right-hand corner of the screen

The Department Chair and the Department Personnel Committee are to use this form to prepare their evaluation of the candidate’s Working Personnel Action File. This evaluation shall be based upon approved Departmental Personnel Standards (or UPS 210.002) and provide a written assessment of performance in teaching, scholarship, and service. Each area shall be rated using the categories from the applicable DPS document. This evaluation shall NOT include a recommendation for action. Please pay close attention to the deadlines for these evaluations.

Once the Chair Evaluation is complete and the DPC has completed their Evaluation and Recommendation (separate form), the parties shall exchange these documents. The Chair and the DPC Chair must upload this completed form into the Evaluation Documents section of the candidate’s Interfolio packet (see the following tutorial for step-by-step instructions) and notify the other that it is available. Once the Chair Evaluation, DPC Evaluation, and DPC Recommendation are uploaded to the Evaluation Documents section, the Chair shall share them with the candidate through the “Case Materials” screen and administer the 10 calendar day rebuttal period.

Complete the fields in the table below. DPC member names shall be listed in alphabetical order. Delete any Evaluator Name fields that are not needed. As you begin editing this form, save it using a descriptive filename (“DPC Evaluation of Tuffy Titan.docx”). Once the written assessment has been finalized, enter the date that the evaluation was completed, save the file, and upload it to Interfolio.

Written Assessment of Performance:
Appendix III: DPC and Department Chair Recommendation Form

The Department Chair and the Department Personnel Committee are to use this form to prepare their recommendation based on the evaluation of the candidate’s Working Personnel Action File. This recommendation shall be based upon approved Departmental Personnel Standards (or UPS 210.002) and provide written reasons for the recommendation. Please pay close attention to the deadlines for these recommendations.

Once the DPC has completed their Evaluation (separate form) and Recommendation, the DPC Chair must upload the completed forms into the Evaluation Documents section of the candidate’s Interfolio packet (see the following tutorial for step-by-step instructions). After the Department Chair completes and uploads their Evaluation, they shall share all three documents with the candidate through the "Case Materials" screen and administer the first 10 calendar day rebuttal period. Once the candidate submits the Rebuttal Form (or the 10 days expire), the Department Chair shall prepare and upload their Recommendation using this form. The DPC must be alerted that it is available in Interfolio for their viewing (along with any rebuttals). The Chair shall share their Recommendation with the candidate and administer the second 10-day rebuttal period.

Complete the fields in the table below. Note that the recommendation choices for each individual case are available from the spreadsheet that FAR distributed. DPC member names shall be listed in alphabetical order. Delete any Evaluator Name fields that are not needed. As you begin editing this form, save it using a descriptive filename (“DPC Recommendation of Tuffy Titan.docx”). Once the recommendation has been finalized, enter the date that it was completed, save the file, and upload it to Interfolio.

**Recommendation and Written Reasons:**
Appendix IV: Dean Evaluation/Recommendation Form

The Dean is to use this form to prepare their evaluation/recommendation of the candidate’s Working Personnel Action File. The recommendation shall be based upon approved Departmental Personnel Standards (or UPS 210.002) and provide written reasons for the specific recommendation. Please pay close attention to the deadlines for these evaluations.

Once the Dean Evaluation/Recommendation is finalized, the Dean must upload this completed form into the Evaluation Documents section of the candidate’s Interfolio packet (see the following tutorial for step-by-step instructions), share it with them through the "Case Materials" screen, and administer the 10 calendar day rebuttal period. The Dean must also share their Evaluation/Recommendation with the Department Chair and members of the DPC. Once the candidate submits the Rebuttal Form (or the 10 days expire), please forward the case ASAP to FAR.

Complete the fields in the table below. Note that the recommendation choices for each individual case are available from the spreadsheet that FAR distributed. As you begin editing this form, save it using a descriptive filename ("Dean Evaluation of Tuffy Titan.docx"). Once you have finalized the Evaluation/Recommendation, save the file and upload it to Interfolio.
