Fax: 909-469-5570
Email:
kantone@westernu.edu

OMACs are held on Saturdays from 9:00AM—2:00PM

This is your chance to find out what Osteopathic Medicine is all about. What is it? How did it get started? Get the facts that will help you simplify the admissions process.

A faculty member will walk you through our curriculum and give you a realistic idea of what to expect. You will also receive an explanation and demonstration of Osteopathic Manipulative Medicine (OMM).

A Western University student will also give you a guided campus tour of our dynamic facilities and you will hear, first hand, how our DO students use the campus. In this interactive session, current DO students will share their experiences in going through the application and interview process and what it is like now that they are here.
