

UrSU Department of Mathematics presents:

ANALYSIS WORKSHOP

August 8 – 13, 2011

This is the second workshop jointly organized by California State University at Fullerton (CSUF) in USA and Urgench State University (UrSU) in Uzbekistan. The topics of the workshop include but not limited to geometric function theory, analysis on metric spaces, Gromov hyperbolic geometry, potential theory, PDE, mathematical physics and the theory of functions of several complex variables. The aim of the workshop is to establishing research collaborations between the scientists from the two countries.

Organizers

Zair Ibragimov (California State University, Fullerton)
Sevdiyov Imomkulov (Navoi State Pedagogical Institute)
Azimboy Sadullaev (National University of Uzbekistan)
