presents:

ANALYSIS WORKSHOP

June 12–13, 2013

This is the third workshop in a series of workshops jointly organized by California State University in Fullerton and Urgench State University (Uzbekistan). The aim of the workshops is to establish research collaborations between mathematicians from Uzbekistan and the United States. The first workshop took place in Fullerton on May 4-6, 2011 and the second workshop took place on August 8-13, 2011 in Urgench. Topics of the workshops include but not limited to the theory of functions of several complex variables, geometric function theory, analysis on metric spaces, Gromov hyperbolic geometry, potential theory and quasianalytic functions.

Organizers

Bakhrom Abdullaev
(Urgench State University)

Zair Ibragimov
(California State University, Fullerton)

Invited Speakers

Bakhrom Abdullaev
(Urgench State University)

Asuman Aksoy
(Claremont McKenna College)

Ravshan Ashurov
(Institute of Mathematics, Uzbekistan)

Zafar Ibragimov
(Urgench State University)

Irina Markina
(University of Bergen)

Azimbay Sadullaev
(National University of Uzbekistan)

Nicholas Salinas
(California State University, Fullerton)

Bakhodir Shoimkulov
(National University of Uzbekistan)

Adrian Vajiac
(Chapman University)

Alexander Vasiliev
(University of Bergen)

Hassan Yousefi
(California State University, Fullerton)

Partially Supported by:

The College of Natural Sciences and Mathematics
