Dean's Message

Welcome back to fall semester 2010 – our final semester at the El Toro Base. In December we will begin the move to our new location in the Irvine Spectrum at 3 Banting. This will be a semester of change and excitement!

We welcome Alison Quigley to the Irvine Campus as the new Assistant to the Dean. Alison comes to us from the Counseling Department where she worked for 5 years. Prior to that, Alison worked at Chico State for 8 years. We are happy to have her join us. Please stop by and say hello to Alison. She replaces Marilyn Conklin, who retired in June after 20 years of service to Irvine Campus.

Please join us for the Faculty Reception on Friday August 20 from 11:00 am to 1:00 pm. This is your chance to meet new colleagues, learn about updates on campus, pick up your keys, codes and other important info as well as check out the classroom you will be teaching in this semester. We look forward to seeing you then!

University and College Preparation/Motivational Conference

DREAM IT! BE IT! Sat, August 21, 8:30am – 1 pm on the CSUF Irvine Campus

August 21 First Day of Fall 2010 Semester and First Step Toward College for South OC Students. College Bound and CSUF Irvine Campus have teamed together to provide South Orange County parents and students a host of workshops designed to help them navigate their admissions to California's most prestigious campuses. Parents and scholars of all ages will be provided workshops specifically tailored to meet their parental and academic support needs. Transforming Dreams, Better Scores, Better Schools, Bring Your "A" Game and We're In a marathon, Not a Sprint, are a few of the topics that will be

presented at this inaugural event.

Judy Sampson, long-time Orange County high schools college counselor, has brought together an outstanding line up of professionals, educators and college information specialists to inform middle and high school students/parents about rigorous preparation now required for all students who enter college directly from high school. Many of the workshops and presentations will highlight the needs for African American students and their families; however, the majority of information will be useful to all parents preparing their children for university attendance and graduation.

Librarian Update

The Pollak Library is always adding new databases, information sources, and services. To keep up with all the new and exciting things going on at the library, check out our Twitter feed and Blog on the [library home page](#). They are updated constantly with news and information about the library. You don't want to miss out!
