Obtaining an Account

1. Request a Campus-Wide ID (CWID) and PIN from the OLLI Front Desk by filling out a form.

   You will need to provide:
   • Name
   • Address
   • Phone Number
   • Email Address
   • Birthdate
   • Social Security Number

   You will be notified by Patsy Burns when your CWID/PIN is available.
Obtaining an Account

2. Create a username and password on the CSUF Student Portal.
   • Go to www.fullerton.edu.
   • Enter your CWID and PIN in the Portal Login section. Then click Login.

   • You will be asked to customize your username/password and create security questions.
Connecting to CSUF Wi-Fi

1. Connect your laptop to the **CSUF-Wireless** Wi-Fi network.

   In general, you can click on the Wi-Fi icon on your laptop to connect to a Wi-Fi network in the area.
Connecting to CSUF Wi-Fi

2. Go to wireless.fullerton.edu.

• Select Laptop.

• Select Students.

• To start the setup wizard, check “I accept....” and then click Start.

In general, this wizard works best if you are using Internet Explorer or Safari.
Connecting to CSUF Wi-Fi

3. You’re done! Every time you are on campus, your laptop will automatically connect to the CSUF-Students Wi-Fi network.

Problems? Visit the Student Genius Corner in the Pollak Library South basement. Or call 657-278-7777 for the campus Help Desk.
Accessing lynda.com

There are thousands of training videos available on lynda.com that OLLI members may access from anywhere.

1. Log on to the student portal. Then click on the lynda.com tab.
Accessing lynda.com

2. Click the Login to: lynda.com button.
Accessing lynda.com

3. You may be asked to enter your campus username and password again.
Accessing lynda.com

4. The first time you access lynda.com, you will be asked to enter some additional information. You can skip this step.
Accessing lynda.com

5. You are now logged in to lynda.com and can start searching for and viewing online training videos.
Connecting to CSUF E-mail

CSUF student e-mail accounts are hosted by Google.

The following Gmail features are available to you:

• E-mail
• Calendar
• Google Docs
Connecting to CSUF E-mail

1. Access your account from the student portal.
   - Log in to the student portal.
   - Select the Email tab.
Connecting to CSUF E-mail

2. Access your account from email.fullerton.edu.
   
   • Go to email.fullerton.edu.
   
   • Select **Check your Titan Apps email** under Titan Email for Students.
   
   • Enter your campus username and password. Click **Sign In**.
Connecting to CSUF E-mail

3. Connect your mobile device to your student email account.
   • Log in to the student portal.
   • Select the Titan Apps tab.
   • Scroll down and click How to set up a POP/IMAP account.

This process requires the use of a computer/laptop. Don’t try to follow these instructions on your mobile device.
Connecting Mobile Devices

What Devices are Supported?

- Android
- Blackberry
- iPhone/iPad/iPod Touch

If your Android uses OS 1.0 or 1.1, you may have to log in to the wireless each time you are on campus.
Connecting Mobile Devices

1. Connect your mobile device to the **CSUF-Wireless** Wi-Fi network.

Each device will have a different procedure to connect to a Wi-Fi network. Refer to your device user guide for assistance.
Connecting Mobile Devices

2. Go to `wireless.fullerton.edu`.

• Select **Mobile**.

• Locate your device type in the list.

• Click the **CSUF Students** link under your device type.

• Follow the on-screen instructions.
Connecting Mobile Devices

3. You’re done! Every time you are on campus, your mobile device will automatically connect to the CSUF-Students Wi-Fi network.

Problems? Visit the Student Genius Corner in the Pollak Library South basement. Or call 657-278-7777 for the campus Help Desk.
IT Support

• Online Video Demonstrations
  http://www.fullerton.edu/it/computing_labs/GeniusCorner.asp
  Scroll down the page to the DIY section.

On campus?
• Visit the Student Genius Corner in the Pollak Library North basement.

Off campus?
• Call 657-278-7777 for the campus Help Desk.
