# Defining Problem-Based Learning (PBL)

- **Problem-based learning (PBL) originated from the field of medical education and has been extended across several disciplines such as business (Albanese & Mitchell, 1993; Hansen, 2006; Savery, 2006).**
- **Problem-based learning is case writing and teaching, situated in the real situation with real solutions.**
- **Teamwork**
- **A Method for Language Teaching**

# Case Writing Template

- Description of realistic situation
- Explore potential problems
- Create questions to be discussed

# PBL

## Step 1

- 1. Write out the problem statement (Individual Activity)**
  - Explore the problems from your classrooms**

# PBL

## Step 2

**2. List actions that have been taken and include a timeline (Individual activity)**

# PBL

## Step 3

- **Share problems**
- **List possible solutions from group members (Group Activity)**

# PBL

## Step 4

**4. Write up solutions with their supporting documentation/points from other group members and trainers (Workshop Activity)**

**THANK YOU**
