
Department Highlights

With the shared goal of developing champions in life through academics and athletics, and in close partnership with the Department of Intercollegiate Athletics, Athletics Academic Services is proud to celebrate a very successful year, in and out of the classroom.

- **Academic and Community Service Success of Titan Student-Athletes:**
  - We celebrated the graduation of sixty Titan student-athletes, spanning twenty-six majors, led by Kinesiology, Communications, and Business.
  - Titan student-athletes continued to demonstrate academic success in the classroom improving their overall GPA, and decreasing the percentage of student-athletes on academic probation.
  - All teams were above the NCAA Multi-Year Academic Progress Rate (930), save Men's Basketball. Nonetheless, given demonstrated academic improvement over the past two years, the team received NCAA recognition.
  - Three teams (Women's Cross Country, Women's Golf and Women's Tennis) scored perfect 1000's for 2012-2013 single year Academic Progress Rate.
  - All teams are projected to be above the 930 Multi-Year Academic Progress Rate benchmark for 2013-2014, due to be submitted in early fall 2014.
  - Titan student-athletes earned the following academic honors for 2013-2014: two CoSIDA Academic All-Americans (All-District 8) - 1ST Team, three Academic All-Mountain Pacific Sports Federation, and forty-five CSUF Big West Academic All-Conference Selections (Please see CSUF Titan Student-Athlete Academic Honors Below).
  - Student-athletes completed a total of 1,470 hours of community services including activities such as Titan Tales (pictured below), numerous coaching clinics, beach clean-up, and CSUF move-in day.
  - Titan student-athletes raised a total of $1,508 in the Big West Conference Coin Drive in the month of February, benefiting the Orangewood Children’s Foundation.

- **Expanded academic support and life skills programming provided to Titan student-athletes through close collaborations with:**
  - Counseling and Psychological Services to offer Step-Up Bystander Intervention and Sexual Violence Prevention Training for all teams, in addition to mental health and sports psychology services housed in Athletics Academic Services.
- The Faculty Athletics Representative to initiate a pilot faculty mentoring program in spring 2014 to facilitate student-athlete/faculty interaction.
- Leadership and Multicultural Development Programs and Diversity Education Initiatives to offer diversity and inclusion training for all teams, in an effort to support Titan student-athletes in developing multi-cultural competencies to be engaged members of a global society.

  - Assessment Activities (*Please refer to 2013-2014 Assessment Report, also attached, for specific results and recommendations)
    - Re-engineering of the Student-Athlete End of Season Survey in an online format to critically assess the student-athlete experience and establish assessment baselines in all program areas.
    - Assessment of targeted retention strategies for academically under-prepared and/or under-performing student-athletes
    - Assessment of proactive retention and progress toward degree monitoring for all student-athletes, including NCAA continuing eligibility and retention, the Academic Progress Rate, Federal Graduation Rate, Graduation Success Rate and semester-by-semester grade tracking.
