

Resolution for Lisa Kopecky

- Whereas: Lisa Kopecky has managed money and budgets at Cal State Fullerton for 15 years, and
- Whereas: Lisa has guided the PRBC and the college budget officers and faculty through the fine points of managing CSUF dollars, and
- Whereas: Lisa Kopecky has been the only person to outfox Frank Wilson and keep the CSUF books in the black, and
- Whereas: No single person on the campus may have accomplished any mental challenge as daunting as understanding CSUF budgeting, which Lisa may be unique in attaining, and
- Whereas: Lisa Kopecky has accepted a position as the Vice President for Finance and Operations at Cape Cod Community College, and
- Whereas: Lisa may have only our heartfelt thanks to warm her in the coming months, as she is leaving the sunny and moderate climes of southern California to build what she calls a dream house on an exposed piece of land vulnerable to rain, wind and snow, where the night is dark and full of terrors, and
- Whereas: The entire campus community will miss Lisa Kopecky, therefore
- Be it resolved: That the members of the Academic Senate and the faculty, staff, administrators, and students of Cal State Fullerton thank Lisa profusely for her service to the University. We wish her many years of happiness and new adventures in her new career as she begins the next chapter in her life.
