

**University Policy Statement**

**UPS 300.040**

**ACADEMIC STANDARDS FOR  
POSTBACCALAUREATE STUDENTS**

A postbaccalaureate student (credential, unclassified, or undeclared status; but not second baccalaureate degree students) shall be subject to academic probation if after completing 12 or more units the student's postbaccalaureate cumulative grade point average for units attempted at the University falls below a 2.50 average. The GPA will determine whether a student is subject to probation only after the student has completed 12 semester units.

A postbaccalaureate student who is on probation shall be subject to disqualification if the student fails to maintain at least a 2.50 cumulative grade point average in subsequent terms at the University in postbaccalaureate status. Students may be disqualified from further registration in a postbaccalaureate, credential, or certificate program or from further enrollment at California State University, Fullerton, as determined by the Provost and Vice President for Academic Affairs or designee.
