CSUF councils consist of Panhellenic Council (sororities), the Inter-Fraternity Council (fraternities), the Multicultural Greek Council (fraternities and sororities), and the National Pan-Hellenic Council (fraternities and sororities).

Together, the FSL community is comprised of 20+ chapters and a total membership of over 1,500 students.
Leadership programs address the needs of college student leaders. The programs connect classroom learning with leadership education, knowledge, and opportunities in out-of-classroom settings. Individuals discover their own leadership styles, enhance their communication and collaboration skills, and become more effective agents in their community. All students are welcome to participate, from emerging to experienced leaders.
The Sports Clubs program provides high-quality, structured, competitive, and fun activities that offer participants the opportunity to experience physical, social, and emotional growth in a safe and fun learning environment. Sports Club teams at CSUF are vibrant, highly active student organizations. These teams are designed to offer organized competitive outlets for students from various skill levels.
