Want to Study Abroad?

Experience student life and culture in the university town of Nantes while learning about business practices in France and the European Union.

Your journey begins with 1-week of preparatory class work before flying to France for 3-weeks of enlightening discussions with local professors and business leaders. You will work on a consulting project with a French winery plus enjoy free time in the evenings and weekends to explore Nantes, Paris, and Brussels on your own or with local students. Upon returning to the U.S., you will write a brief paper outlining the consulting project and solution proposed by your team.

Earn 3 units academic credit while exploring the best of France!

Join the director of the business honors program and a select group of students in this once in a lifetime experience.
