Important Information about the Cal Vet Fee Waiver:

- The recipients of the Cal Vet Fee Waiver must **apply through the VA County Office each academic year**.

- The **award letter must be submitted to the Veteran Resource Center each academic year** for the waiver to be applied. The recipients must also meet California residency requirements of the university.

- The Cal Vet Fee Waiver **waives the mandatory system wide enrollment or registration fees** for the academic year listed on the award letter (i.e. Academic Year 2019-2020 is for Fall 2019 and Spring 2020 only). It does not waive campus-based fees.

- The recipients are responsible for paying the campus-based fees **before** the payment due date as posted by Student Financial Services. Failure to submit complete payments to the university will result in a cancellation of your courses.

- If the recipients are eligible for the Cal Vet Fee Waiver under **Plan A**, they cannot use Chapter 35 benefits simultaneously.

- The Cal Vet Fee Waiver **cannot be used for extension or self-supporting programs**. This includes Extended Education degree programs, and winter intersession and summer session courses. An exception is made for students in cohort-based programs that run through the summer session.

- The Cal Vet Fee Waiver cannot be backdated to previous academic years, unless approved by the VA County Office during the current academic year.
