MET OR EXCEEDED EXPECTATIONS

**90%**

RECOMMEND HOST TO PARTICIPATE AGAIN

**96%**

### STUDENT TESTIMONIALS

A fantastic experience. I was able to shadow an engineer in upper management and he had plenty of advice from interviewing to team success strategies. Being able to take away the stress of interviewing and just learn about a new company and position was the most valuable to me.

I found every aspect of my job shadow to be very valuable. I got to experience the overall culture of the company and working environment.

It was all I could have asked for, and more! I was able to sit and talk to the Sr. Graphic designer at Live Nation ... and he was so insightful and informative. He really took his time showing me everything and even reviewed my portfolio!

I had the opportunity to socialize with the VP and the CEO!

## 2019 EMPLOYER EVALUATION

**52** EMPLOYERS  
PARTICIPATED

**182** SHADOWING  
OPPORTUNITIES

Some of the participating organizations include:

Overall experience with  
CSUF students during  
Titan Takeover

Willing to host another  
student for Titan  
Takeover next year

Yes  
**80%**

Maybe  
**18%**

Consider extending an internship  
and/or career opportunity

## EMPLOYER TESTIMONIALS

Getting a chance to show a more detailed look at the business and provide a realistic job preview. We also get to assess the student much deeper than just an interview.

[It] is fun for all involved. The energy and enthusiasm the students bring is infectious and the questions they ask give you a different perspective on life. I would do it again.

Titan Takeover has provided more insights for the students at Cal State Fullerton... I would like to keep the relationships with the students and hire them as a full-time associate at our firm upon their graduation.
