Conversion Activity

Dwelling units added or deleted from housing stock due to conversion. This includes both units lost and gained to different structure types. For example, SFD to Duplex, non-residential structure to residential use, or residential structure to non-residential use.

Accessory Dwelling Unit (ADU) creation through repurposing of existing space is Repurposed Activity, not conversion. Starting with the 2022 HAR and consistent with CA DOF's revised instructions, conversion of the primary structure when a connected ADU is added will no longer be reported to be consistent with U.S. Census Bureau housing type definitions.

Repurposed Activity

Includes existing space that is converted into an ADU. All ADU_R and JADU activity falls under repurposing activity.

May include conversion/repurposing of existing detached structures to a detached ADU, e.g., detached garage converted to ADU-Detached.

An SFD's attached garage repurposed into an ADU will either be an ADU_R (Repurposed ADU) or JADU (Junior ADU).
