# Campus Solutions Communication

- Redesigning CMS Website to provide timely project updates per application area (October 2006)  
<http://www.fullerton.edu/cms>

The screenshot shows the CMS Project website interface. At the top, there is a blue header with the text "CALIFORNIA STATE UNIVERSITY, FULLERTON" and "CMS Project". Below this is a navigation bar with links: "PROJECT OFFICE | FINANCE | HUMAN RESOURCES | STUDENT ADMINISTRATION | SECURITY & ACCESS | TRAINING & SUPPORT". The main content area is titled "CMS Home > Human Resources" and features a "Human Resources Project" section. This section includes a sub-section for "Leave Accounting and Positive Pay (LAPP)" and another for "Part-time Faculty (PTF)". The LAPP section describes how employees can view their leave balances and how managers can access reports. The PTF section describes how departments can enter appointment information. On the left side, there is a vertical navigation menu with links for "HUMAN RESOURCES", "Human Resources Documents", "Calendar / Milestones", "Project FAQs", "Meet the Team", "News & Updates", "CMS PROJECT", "Contact Us", "Resources & Links", "Glossary", and "CSUF Home". On the right side, there are sections for "NEWS & UPDATES" and "TOP FAQs", both containing placeholder text "Side Bar content here.". At the bottom right, it says "Page last updated: August 23, 2006".

# Functionality / Benefits of CMS Campus Solutions

  - including viewing/changing address data

# Functionality / Benefits of CMS Campus Solutions (continued)

FERPA Message for Instructor/Advisor

Educational records are kept by University offices to facilitate the educational development of students. Faculty and staff members may also keep informal records relating to their functional responsibilities with individual students.

A federal law, the Family Educational Rights And Privacy Act of 1974 (also known as FERPA, and the Buckley Amendment) as amended, affords students certain rights concerning their student educational records. Students have the right to have some control over the disclosure of information from the records. Educational institutions have the responsibility to prevent improper disclosure of personally identifiable information from the records.

WHEN IN DOUBT, err on the side of caution and do not release student educational information. Contact the Office of the Registrar for guidance.
