

# CSUF

## General Education Learning Goals

**1**

**Demonstrate and apply their understanding of fundamental concepts, methods, and theories in natural sciences and mathematics, arts and humanities, and social sciences.**

**2**

**Seek and acquire relevant information and apply analytical, qualitative, and quantitative reasoning to previously learned concepts, new situations, complex challenges, and everyday problems.**

**3**

**Develop ideas and communicate them competently and ethically, verbally or nonverbally, both orally and in writing, in a variety of contexts.**

**4**

**Develop skills to collaborate effectively and ethically as leaders and team members.**

**5**

**Develop self-awareness, knowledge, intercultural skills, and critical reflection to participate ethically and effectively in local communities and global contexts.**
