Student Creative Activities and Research Days
Student Creative Activities and Research (SCAR!) Days will be held virtually this year from April 23 through May 7, 2021 via the Symposium platform. Almost 100 students from across all the colleges will present their work in 60 poster and exhibit presentations. Student work will be visible online for two weeks, so you can pop in at any time after April 23rd with your CSUF email to view the presentations at the SCAR Days link. See you there!

National Institutes of Health (NIH) Biographical Sketch and Other Support Changes effective May 25, 21
On March 12, 2021, the NIH issued a memo to inform the research community regarding updates to their application forms and instructions to provide full transparency and disclosure of all research activities, both foreign and domestic, for both applications and Research Performance Progress reports (RPPF) submitted for due dates on or after May 25, 2021. The changes include updates to the biographical sketch and other support format pages. Please refer to the full notice for the detailed update and instructions NOT-OD-21-073. Should you have any questions, please reach out to your respective Research Grant Specialist or Grants and Contracts Officer for your college for additional guidance.

National Science Foundation (NSF) is moving their proposal and submission system to Research.gov in 2022
On March 31, 2021 NSF held their Tenth ERA forum to discuss the following topics: Research.gov Modernization Updates: Available Functionalities for Proposers, Federal Awardee Performance and Integrity Information System (FAPIIS), and Unique Entity Identifier (UEI). Effective March 22, 2021 NSF will now accept applications in Research.gov for Equipment, Travel and Facilitation Awards for Scientists and Engineers with Disabilities (FASED) via Research.gov. For a list of current applications accepted
in Research.gov please refer the presentation on the ERA Forum webpage. ORSP strongly encourages our research community to begin creating and submitting their applications via Research.gov, as NSF will move the preparation and submission of all proposal from FastLane to Research.gov by 2022. For more information, please visit the ERA Forum Webpage. The following link is a recording of the ERA Forum presentation Spring 2021 ERA Forum Webinar Recording.

March 2021 Notices of Awards and Supplements

An Introduction to Cayuse IRB Electronic Submission Process
Zoom Workshops will summarize the Cayuse IRB electronic submission process, creating an account under Cayuse for faculty and student PIs, amendments, renewals, and how to edit a current protocol. To schedule your one-on-one Zoom meeting email irb@fullerton.edu. Faculty are welcome to share this information for their students to also contact our office for one-on-one trainings to assist them in navigating through the Cayuse IRB system.

Full-Review IRB Submission Deadlines
Exempt and Expedited applications (studies with minimal risk) can be submitted via the Cayuse IRB online submission website. These are reviewed and approved on an ongoing basis.
CSUF IRB will continue to host the monthly Full-Review meetings via Zoom. Visit the [CSUF IRB web page](#) for additional information regarding the full review committee meeting dates and review process.
