In Good Company: Future Engineers, Computer Scientists Harness Potential of Industry Partners

Titan Day of Giving - Mercury Systems and CISCO support

Students continue work on prototype robotic arm Facial Expression and Head Movement based Communication Device – KTLA News Channel Interview

Students' Ingenuity Drives Inventions

Mind Games

'High-impact' learning at CSUF

Computer science majors build robotic arm after months of planning

Learning to Design High-Speed Circuits

Recognizing Promise; Kiran George Receives 'Early CAREER' Award

CSUF students and professor display robotic arm for ALS patients at engineering conference

Grant will fund project to create communication device for ALS patients

CSUF students work on a low-cost device to help people with ALS communicate online

Retaining Engineering Students - Grant Funds Scholarships and Extra Support

High-Tech and High-Impact

Capstone classes offer unique challenges

CEO becomes 'Professor of the Day'
