Welcome to the College of Natural Sciences and Mathematics!

Transfer Student Orientation
NSM Student Success Center

• Your home for advising, tutoring in NSM courses, and a quiet place to study!

• Tutoring is offered Fall and Spring semesters.
  • Intro level courses in all NSM disciplines, and some 200-300 level courses.

• We regularly update our events and workshops board, so stop by and see what is going on. Follow us on Instagram by scanning the QR code for future updates.

• We are located in MH 488, our hours during the Fall and Spring semesters are Monday-Friday 9am-5pm. Student assistants will be available to help with questions and scheduling appointments during this time.
Academic Advising in NSM

- Student Success Advisor
- Faculty Advisor
- Health Professions Advisor
- Career Specialist
Academic Advising in NSM

Specialized Advisors

- Professors in my department ("Faculty Advisors")
  - Course planning for the following semester
  - Understanding your major requirements
  - Advice from an expert in your field
  - All NSM majors must meet with a faculty advisor before Fall & Spring registration

- Health Professions Advising
- Career Specialist
Academic Advising in NSM

Student Success Team (SST) Advisors

• Help with understanding major and degree requirements
• Act as a guide for navigating CSUF, which may be different from your previous college
• Assist with enrollment and scheduling issues
• Help with exploring interests, setting goals, and resolving academic challenges
• If you ever need help but are unsure of where to go, come to us!
• Every incoming NSM student is assigned to an SST Advisor
General Education for Transfers

• If you are “GE Certified” from a California Community College
  • Most if not all lower division GE requirements will be complete
  • You may still need to take US History and/or US Government if you have not already passed both of these classes
  • You may need to satisfy Cultural Diversity, which can overlap with an upper division GE

• All students must complete 3 upper division (300-499) GE’s at a CSU campus
  • Science & Math (some NSM majors take MATH 338 - Statistics for Natural Sciences)
  • Arts & Humanities
  • Social Science

• Evaluations of transfer credit will be finished by the end of fall semester
  • Until then, stay away from lower division (100-299) GEs until you know what credit you have
**Raise Transfer Program (RTP)**

- Program for students transferring from community colleges

**Benefits**
- Peer advising and academic support
- Preparation and support for STEM internships
- Preparation for getting involved in research
- Priority registration

**Transfer Resource Center in McCarthy Hall 525**
- Supports all transfer students

Register for RTP!
Health Professions Advising Office (HPAO)

A pre-health student is any student seeking admission to a health professional program after they complete their B.A./B.S. degree.
