

Discussion Prompts for Breakout Table Discussion #1

- How can we ensure that implementation of the Strategic Plan supports faculty in promoting student success?
- What specific support would help faculty in the classroom (graders, technology, etc.)?
- Are you aware of any instances of student success? What can be done to assist faculty in helping such instances occur more often?

Discussion Prompts for Breakout Table Discussion #2

- How would the pedagogies discussed today, or others about which you are aware, be applied across disciplines?
- What have you done in the classroom that has or has not worked well in helping your students learn? Can you explain why or why not?
- What practices are effective in narrowing the equity gap? What support do you need from campus to be able to address this gap?
- How does the campus support you in fostering your efforts in the classroom? What specific ways can the campus support you in these efforts?
