

## Resolution Commending Academic Senate Chair Mark Hoven Stohs

**Whereas** Chair Mark Hoven Stohs joined the Department of Finance at CSUF in the Fall of 1996, after two years in the Department of Banking and Finance at the Graduate School of Business of University College Dublin, in Dublin Ireland; and

**Whereas** Chair Stohs served admirably as Senate Chair and Captain of the Starship Senateprise for the past two years; and

**Whereas** Chair Stohs has served faithfully as Senator on the Academic Senate of California State University as well as our California State University Fullerton Academic Senate; and

**Whereas** Chair Stohs served as associate dean for the College of Business and chair for the Department of Finance; and

**Whereas** Chair Stohs committed to governance in education by courageously authoring a controversial argument between the graduation rate and equity gap; and

**Whereas** Chair Stohs always credits speakers for their contributions during meetings, and

**Whereas** Chair Stohs' quiet, calm style redefined Stoic leadership during this unexpectedly tumultuous semester; and

**Whereas** Chair Stohs occasionally surprises people such as when he told another Senator driving back from a function that he is an accomplished line-dancer; and

**Whereas** his Senate colleague quickly advised Chair Stohs to be careful with these stories because such things could end up in a future Senate resolution; and

**Whereas** if we were meeting in person, we would now stop the reading of the resolution so Chair Stohs could demonstrate his dancing skills; and

**Whereas** Chair Stohs is remarkable in his ability to display his extreme enthusiasm for all things parliamentary and philosophical; **therefore be it**

**Resolved** that the Academic Senate of CSU Fullerton thank Senator Mark Hoven Stohs for his dedication, work, and leadership during these interesting and challenging two years; and be it further

**Resolved** that Academic Senate of CSU Fullerton looks forward to working with Senator Mark Hoven Stohs in his future roles on campus.
