CHAPTER EDUCATION & SAFETY

BECOMING A MEMBER: CSUF'S APPROACH TO TRAINING NEW FSL CHAPTER MEMBERS

In fall 2022, FSL implemented a new member orientation training, entitled "B.A.M: Becoming a Member" (BAM). BAM is hosted at least three times in both fall and spring semesters and is designed for students who are participating in the new member process for an FSL chapter. FSL collaborates with campus partners to deliver the presentations at BAM. The required sessions include content on Alcohol and Other Drugs, Title IX, Hazing Prevention, and Well-Being.

Alcohol & Other Drugs

Campus Partner: TitanWell

Using a harm-reduction approach to alcohol use, the "Titan Up the Party" presentation by the TitanWell department addresses the basics of alcohol consumptions. The presentation includes information on standard drink size, blood alcohol concentration (BAC), binge drinking behaviors, Good Samaritan law, and how to recognize the signs of alcohol poisoning.

Title IX

Campus Partner: Title IX and Gender Equity

In partnering with the Title IX and Gender Equity department, students learn about their rights and responsibilities such as affirmative consent, campus reporting options, and campus resources.

Hazing Prevention

Fraternity and Sorority Life

Hazing Prevention provides new members with an opportunity to learn how hazing can be exhibited, and different types of hazing, and also uses case studies to provide realistic scenarios of hazing cases that have occurred. Students are asked to identify types and levels of hazing, ways to intervene, and campus reporting options. CSU policies and California hazing laws are also covered in this workshop.

CHAPTER EDUCATION & SAFETY

Well-Being & Community Culture

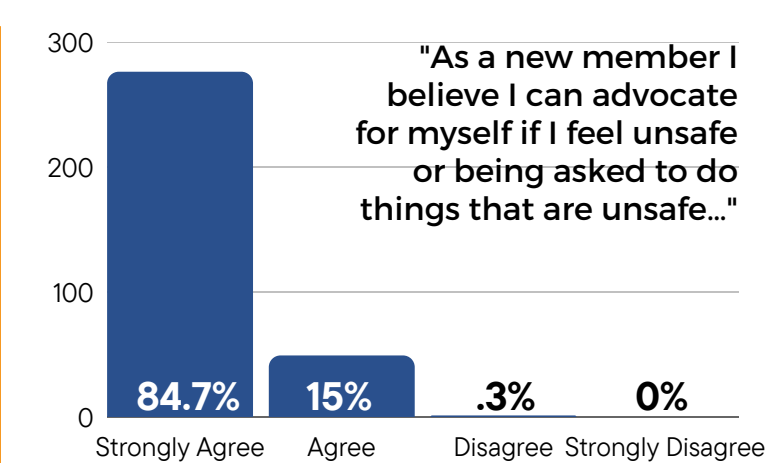

Fraternity and Sorority Life

In Fall 2022 B.A.M. included a presentation entitled “B.R.O. Code” for fraternity members. “Brotherhood Reimagined for Organizations” was created by CSUF staff and fraternity members to promote positive images of masculinity, violence prevention, and increasing help-seeking behavior among chapter members. Sorority members, participated in an empowerment session that focused on community building, uplifting one another, and growth with confidence.

For Spring 2023, a workshop focused on campus resources for mental health and wellness. Students were given information about resources on campus and locally, deconstructing myths, and talking through misconceptions of mental health.

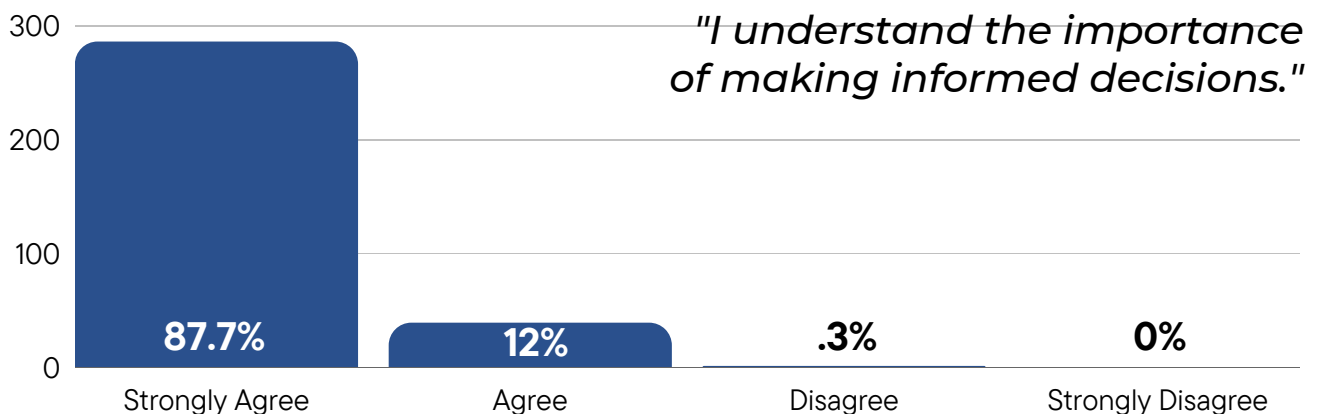

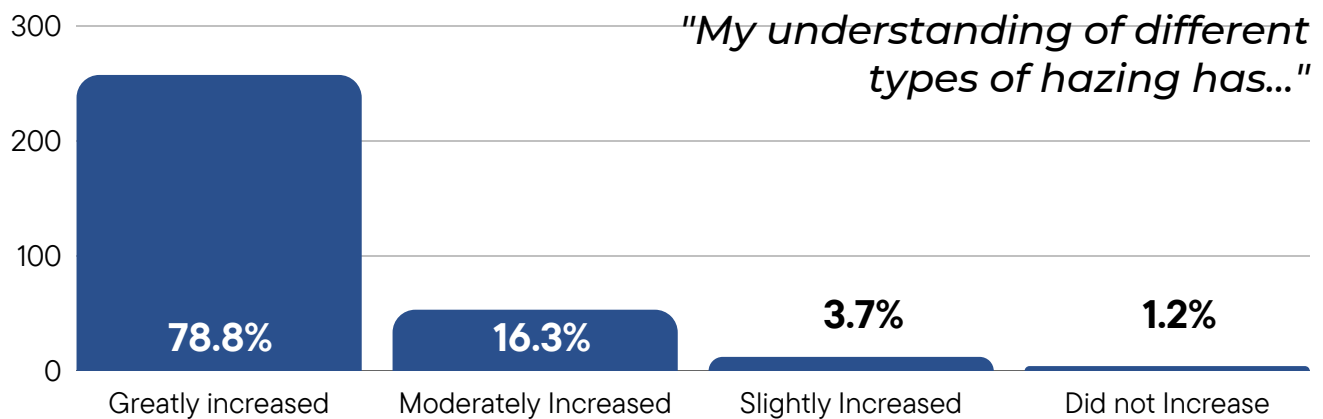

Fall 2022 & Spring 2023 BAM Student Evaluation

Below is B.A.M. evaluation data that was collected from for both the fall and spring sessions of B.A.M. This evaluation form primarily focuses on the student's understanding of the content presented. Additionally, we ask if any other topics they would like to include in the future. Lastly, we ask how their overall experience has been.
